## **DEVOLUTION FOR THE HEART OF THE SOUTH WEST**

The report of the Chief Executive & Growth Director was submitted to update Members on progress with devolution discussions and to seek approval to sign up to the principle only of creating a combined authority for the Heart of the South West.

The Chief Executive & Growth Director advised that, in February of this year, Members had supported the themes in the prospectus for working towards securing a devolution deal for the Heart of the South West. The time line was to work towards a deal being announced in the autumn statement which would focus on transport and economic growth for the South West.

The Leader stated that the proposals to be considered were for a Combined Authority and that it was important that there was an Exeter Sub Region to ensure the economic growth of the city and the adjoining authorities. The Combined Authority would enable the South West to have one stronger voice to ensure funding from central government particular in the areas of transport and economic development.

The Chief Executive & Growth Director clarified that the Combined Authority would be asking for powers from Central Government to better deal primarily with transport and economic development for the South West. The recommendation did not commit the Council to entering into a devolution deal or becoming a member of a Heart of the South West Combined Authority. Any deal would be subject to future debate and agreement by the Council and subject to negotiations with Government.

A Member commented that it was important that the transport links within the South West were improved and it was hoped that any deal would help to secure funding for this.

Members were circulated with a revised recommendation.

**RECOMMENDED** to Council that:-

- (1) it agrees in principle to sign up to the creation of a combined authority for the Heart of the South West, subject to:
  - a) Exeter and the wider growth area being recognised as a fundamental contributor to improving productivity and this being given due prominence in any proposed devolution proposal or deal;
  - b) the inclusion of appropriate, place-based decision making arrangements that reflect sub-regional geographies (i.e. the Greater Exeter area), with powers and flexibilities to agree and oversee, for example, the programmes addressing productivity and economic development, including investment in skills and business development;
  - c) any governance review, consultation on that review and resulting scheme of governance making explicit reference to the principle of subsidiarity and double devolution and that review, consultation and scheme not reviewing, or advocating the review of, the organisation of local authorities in the Heart of the South West area i.e. participating local authorities' electoral arrangements, governance

arrangements, their constitution and membership, and structural and boundary arrangements;

- d) The Leader of the Council participating in any meetings or negotiations, including meetings with Government members and officials, that relate to devolution and/or the creation of a combined authority.
- (2) that giving this in principle agreement it notes that it does not commit the Council to entering into a devolution deal or becoming a member of a Heart of the South West Combined Authority. This would be subject to future debate and agreement by the Council and subject to negotiations with Government.

## 77 **ENVIRONMENTAL HEALTH AND LICENSING STATUTORY SERVICE PLAN**

The report of the Assistant Director Environment was submitted which sought approval for the adoption of the Environmental Health and Licensing Statutory Service Plan 2016/17 (Appendix I). Members were advised that the capital expenditure amounted to £15,085,951, and the actual expenditure during 2015/16 represented 63.51% of the revised capital programme. The sum of £8.923 million had been identified and would need to be carried forward to be spent in future years. The Assistant Director Finance also drew attention to a future funding request of £50,000 to purchase a new server and associated oracle licenses, which was a requirement to upgrade the financial system. This cost of the server would be shared with the other local authority Strata partners at Teignbridge and East Devon District Councils.

The Assistant Director Finance brought Members' attention to the schemes to be deferred to 2016/17 and beyond and that officers had been working to identify the details of a revised programme for schemes in 2016/17 and this would be reported back to Members in the autumn.

Members raised concerns regarding the number of schemes that were to be deferred and noted that officers would be addressing this issue and reporting back to Members.

In response to a Member, the Assistant Director Public Realm clarified that the repair to the Canal Bank at the M5 had been delayed due to the requirement to find an engineering solution to the problem.

Corporate Services Scrutiny Committee considered the report at its meeting on 29 June 2016 and its comments were reported.

**RECOMMENDED** that Council notes and approves the:-

- (1) overall financial position for the 2015/16 annual capital programme; and

The Assistant Director Finance advised that there was an underspend on the General Fund due to additional income generated, this income was not included in the budget as it could not be relied upon. There was also an underspend on the HRA relating to the Repairs and Maintenance Programme with a saving in respect of resolving damp ingress following lower tender prices and a lower level of remedial repairs than had been originally anticipated.

Corporate Services Scrutiny Committee considered the report at its meeting on 29 June 2016 and its comments were reported.

### **DEVELOPMENT OF AN EXETER PLAYING PITCH STRATEGY**

The report of the Assistant Director City Development was submitted informing Members of the production of the Exeter Playing Pitch Strategy (EPPS), the steps to its adoption, and seeking Members' views on the means to accelerate the process of its preparation.

Members were advised that the need for an EPPS was urgent in the context of current applications and, in particular, with regard to an appeal on the non – determination of a planning application at Wear Barton which would be heard towards the end of the year. The EPPS would be brought back to Executive for a final decision.

**RECOMMENDED** that Council delegate the approval of the draft Exeter Playing Pitch Strategy for consultation purposes to the Portfolio Holder for City Development in consultation with the Portfolio Holder for Sport and Health and Wellbeing and Assistant Director City Development, as set out in Option 2 shown in Appendix 1. A follow up report would be produced at a later date for consideration by Executive to agree the adoption of the strategy.

### **APPLICATION FOR EXTINGUISHMENT OF VEHICULAR RIGHTS IN PARIS STREET**

The report of the Assistant Director City Development was submitted recommending that Exeter City Council agree to make an application to the Secretary of State for the extinguishment of the right to use motor vehicles on Paris Street (between Dix's Field and High Street) under the terms of Section 249 of the

The purpose of this application is to improve the amenity of that area in accordance with the scheme set out within the approved outline planning application (reference 15/0791/01) for the redevelopment of the Bus and Coach Station site. That redevelopment scheme includes the formation of a public amenity space on the land.

The plan would cover the geographical area of the four partner authorities (excluding the area of Dartmoor National Park) but would be limited in scope to cover strategic issues and strategic allocations within those areas with local issues to be considered through linked local plans prepared by each partner authority for their area.
