Agenda Item 7

REPORT TO RESOURCES SCRUTINY COMMITTEE

Date of Meeting: 22 March 2018

REPORT TO EXECUTIVE Date of Meeting: 10 April 2018

REPORT TO COUNCIL

Date of Meeting: 24 April 2018 Report of: Chief Finance Officer

Title: OVERVIEW OF REVENUE BUDGET 2017/18

Is this a Key Decision?

No

* One that affects finances over £1m or significantly affects two or more wards. If this is a key decision then the item must be on the appropriate forward plan of key decisions.

Is this an Executive or Council Function?

Council

1. What is the report about?

1.1 To advise Members of the overall projected financial position of the HRA & General Fund Revenue Budgets for the 2017/18 financial year after nine months.

2. Recommendations:

It is recommended that Scrutiny Resources Committee and the Executive note the report and Council notes and approves (where applicable):

- 2.1 The General Fund forecast financial position for the 2017/18 financial year;
- 2.2 The HRA forecast financial position for 2017/18 financial year;
- 2.3 The outstanding Sundry Debt position as at September 2017;
- 2.4 The creditors' payments performance;

3. Reasons for the recommendation:

3.1 To formally note the Council's projected financial position and to approve any additional expenditure required during the financial year.

4. What are the resource implications including non financial resources.

- 4.1 The impact on the General Fund working balance, HRA working Balance and Council Own Build working balance are set out in sections 8.3.6, 8.2.1 and 8.2.3 respectively.
- 4.2 There are no requests for supplementary budgets in the report.

5. Section 151 Officer comments:

5.1 The report represents the projected financial position to 31 March 2018. In respect of the year end projections, the overall position in respect of the General Fund is showing a slight underspend. This has been caused by a number of services covering their overspend identified in quarter 1 and a further reduction in the repayment of debt caused by lower than expected capital expenditure. The HRA is continuing to show a significant underspend caused by the delay in a number of significant capital projects.

6. What are the legal aspects?

6.1 There are no legal aspects to the report.

7. Monitoring Officer's comments:

7.1 This report raises no issues of concern for the Monitoring Officer.

8. Report details:

8.1 Financial Summary

| FUND | Planned Transfer (to) / from Working Balance | Budget Variance Over / (under) | Outturn Transfer 2017/18 |
|-----------------------------|---|--------------------------------------|--------------------------------|
| | £ | £ | £ |
| General Fund | 1,666,369 | (345,219) | 1,321,150 |
| | | | |
| HRA | 2,487,615 | (3,667,716) | (1,180,101) |
| | | | |
| Council own Build Houses | (35,970) | (7,0000) | (42,970) |
| 1100303 | | | |

8.2 <u>Housing Revenue Account (Appendix A)</u>

8.2.1 The first quarter projection shows a significant reduction in the amount taken from the working balance resulting in a large increase in the working balance. The projected increase is £725,335 to leave the working balance at £9,292,789.

| Movement | 2017/18 |
|-------------------------------------|------------|
| Opening HRA Balance, as at 01/04/17 | £8,567,454 |
| Surplus | £1,180,101 |
| Projected balance, as at 31/3/18 | £9,747,555 |

8.2.2 The key variances are as follows:

| Management Unit | Over / (Underspend) | Detail |
|---|------------------------|---|
| Repairs and Maintenance Programme | (£644,000) | This represents a combination of forecast savings, most notably due to: A projected £120k saving in respect of asbestos survey costs. A projected £100k saving in respect of repairs to void properties. Capacity to undertake remedial works following electrical testing has been impacted by a vacant Electrician post, with urgent health and safety works taking priority, resulting in a forecast £70k underspend. |
| Revenue Contribution to Capital | (£2,700,000) | The estimated amount of revenue monies required towards financing the HRA Capital Programme in 2017-18 has reduced by £2.7m, from £6.5m to £3.8m. In March 2014 Executive approved a £2.7m contribution towards the St Loyes Extra Care scheme, which was profiled to be required in 2017-18 but delays to the scheme will mean that significant spend will not take place until 2018/19 when it is hoped that works can start on site. A detailed report is due to be presented to committee later this year in respect of this scheme. |
| Housing Assets | (£127,800) | The decant of tenants in ten LAINGS properties to enable a demolish and rebuild scheme to be undertaken are not expected to take place this financial year. Higher than budgeted tender prices have necessitated an options appraisal and caused a delay in the project timetable. A saving is reported in 2017-18, as the cost of decanting tenants in 2018-19 will be factored into next year's budgets. A detailed report is planned to be presented to committee in respect of the LAINGS project. |

8.2.3 The Council's new properties at Rowan House and Knights Place form part of the overall

Housing Revenue Account, but separate income and expenditure budgets are maintained in order to ensure that they are self-financing. There is a small projected variance to the projected surplus at the end of the first quarter.

| Movement | 2017/18 |
|----------------------------------|----------|
| Opening Council Own Build, as at | £208,097 |
| 01/04/17 | |
| Surplus | 42,970 |
| Projected balance, as at 31/3/18 | £251,067 |

8.3 <u>General Fund (Appendix B)</u>

8.3.1 The Service Committees show projected overspends of £108,747 against a revised budget of £14,445,150. The main variances are:

8.3.2 People Scrutiny Committee – (An overspend in total of £344,087)

| Management Unit | Over / | Detail |
|----------------------------------|--------------|---|
| | (Underspend) | |
| General Fund - Housing | (55,000) | Private Sector Leased properties are handed back to the landlords upon a change of tenancy, which has resulted in a lower level of rent lost during void periods and a lower level of reactive repairs due to the reducing number of properties. |
| Revenue Collection & Benefits | 400,000 | Income is lower than anticipated; Real time information updates over the past 2 years had led to an increase in the recovery of overpayments, this has now reduced as the majority of historic cases have been dealt with. There has also been an increase in the amount of debt write offs in part to the clearing down of some older cases. The amount of unsubsidised housing benefit expenditure is also higher than forecast due to a higher number of temporary and supported accommodation claims. |

8.3.3 Place Scrutiny Committee - (An overspend in total of £57,504)

| Management Unit | Over / (Underspend) | Detail |
|----------------------------------|------------------------|---|
| Parks and Green Spaces | £97,520 | The saving target for the management unit will not be achieved in year due to the increasing service demands impacting on the existing resource base. |
| Street Cleaning | (£89,830) | An underspend is anticipated on vehicle maintenance and pay budgets |
| Cleansing Chargeable Services | 51,200 | The predicted overspend is due to income from the trade refuse and recycling services being below target. |
| Recycling | 75,000 | The predicted overspend is due to income being below target for recycling, mainly paper. Paper tonnage collected has reduced compared to last year, and the rate received for selling paper has also reduced. |
| Parking Services | (£91,710) | Off Street car parking fee income anticipated to exceed the target. Additional expenditure on pay budgets. |
| Planning Services | (£96,070) | Income from planning application fees expected to exceed the target. Underspend on pay budget. Community Infrastructure Levy grant expenditure, and additional pay expenditure funded by a transfer from the earmarked reserve. |
| Major Projects | £110,000 | Additional expenditure in respect of a compensation payment. |

8.3.4 Corporate Scrutiny Committee – (An underspend in total of £292,844)

| Management Unit | Over / (Underspend) | Detail |
|--|------------------------|---|
| Corporate Property - Assets | (156,090) | An underspend is anticipated on Property Maintenance Fund Budgets. |
| Grants/Central Support/Consultation | (85,000) | This underspend is mainly a result of the consolidation of Comms & Marketing budgets during 2017/18. A temporary structure exists to support the new processes, and a full restructure reflective of corporate priority will be going to Executive in March. A request to carry forward the underspend will be made (through the appropriate process), as a one-off supplement to support the permanent structure and new aligned priorities. |
| Unapportionable Overheads | (90,000) | This potential underspend relates to Superannuation and is based upon known departures as at this date. |
| Strategic Management | (72,000) | An underspend is anticipated on the cost of employee budgets mainly due to: vacancies; a reduction of hours, and recharges to the Housing Revenue Account. |

8.3.5 Other Financial Variations

| Other items | Over / (Underspend) | Detail |
|-------------------|------------------------|--|
| Net Interest | (150,000) | Continued low interest rates and advice not to borrow longer term from our advisors mean a reduction in the spend on interest. |
| Repayment of debt | (116,306) | Lower than forecast need to borrow leading to a reduced repayment of debt calculation. |

8.3.6 General Fund Balance

In 2017/18 it is projected that there will be an overall net contribution from the General Fund Balance of £1,451,053. The minimum requirement for the General Fund working balance was approved by Council in February 2017 at £3 million.

| Movement | 2017/18 |
|---------------------------------|---------------|
| Opening Balance, as at 01/04/17 | £5,264,841 |
| Deficit | (£ 1,321,150) |
| Balance, as at 31/3/18 | £3,943,691 |

8.4 OUTSTANDING SUNDRY DEBT

8.4.1 An aged debt analysis of the Council's sundry debts is shown in the table below. The latest data shown is to the end of August in order to demonstrate how for much of the debt, there is significant recovery in the two months after the data is run. This is due to the fact that our quarterly invoices are run just prior to the end of each quarter.

REPORT TO CORPORATE SERVICES SCRUTINY COMMITTEE,

EXECUTIVE AND COUNCIL

Date of Meeting: Corporate Services Scrutiny – 22 March 2018

Executive - 10 April 2018 Council – 24 April 2018

Report of: Chief Finance Officer

Title: Capital Monitoring Statement to 31 December 2017

Is this a Key Decision?

No

Is this an Executive or Council Function?

Council

1. What is the report about?

To report the current position in respect of the Council's revised annual capital programme and to advise Members of the anticipated level of deferred expenditure into future years.

The report seeks Member approval to amend the annual capital programme in order to reflect the reported variations.

2. Recommendations:

It is recommended that Corporate Services Scrutiny Committee supports and the Executive recommends to Council to approve:

(i) The revision of the annual capital programme to reflect the reported variations detailed in 8.4 and 8.5

3. Reasons for the recommendation:

Local authorities are required to estimate the total of capital expenditure that it plans to incur during the financial year when it sets the prudential indicators for capital expenditure. This shows that its asset management and capital investment strategies are affordable, prudent and sustainable.

Capital expenditure is a significant source of risk and uncertainty since cost variations, delays and changing specifications are often features of large and complex capital projects.

In order to manage the risks associated with capital programming the annual capital programme is updated every three months to reflect any cost variations, slippage or acceleration of projects.

4. What are the resource implications including non-financial resources

The financial resources required are set out in the body of this report.

5. Section 151 Officer comments:

This report has been prepared on behalf of the Section 151 Officer to set out the financial position of the Capital Programme as at 31 December 2017.

6. What are the legal aspects?

The capital expenditure system is framed by the Local Government and Housing Act 1989.

7. Monitoring Officer's comments:

This report raises no issues for the Monitoring Officer.

8. Report Details:

The revised capital programme for the current financial year is £17.192 million. During the first nine months of the year the Council spent £6.597 million on the programme, which equates to 38.37% of the revised programme. This compares with £5.956 million (30.6%) being spent in the first nine months of 2016/17.

The current programme is detailed in Appendix 1. The Appendix shows a total forecast spend for 2017/18 of £12.686 million with £4.152 million of the programme potentially being deferred to 2018/19 and beyond.

Appendix 2 shows the approved budgets for 2018/19 with the proposed 2017/18 budget to be carried forward to 2018/19 and beyond this quarter for Executive and Council to consider for approval.

Appendix 3 shows the overall position for those schemes which span more than one financial year.

8.3 AVAILABLE CAPITAL RESOURCES

The available capital resources for the General Fund for 2017/18 are £7.494 million. An estimated spend of £5.272 million is required of which £2.870 million will be funded from borrowing with £5.066 million capital receipts carried forward to 2018/19. The available capital resources for the HRA for 2017/18 are £20.906 million. An estimated spend of £7.414 million is required leaving £13.491 million to be carried forward into 2018/19. Appendix 4 sets out the forecast use of the resources available for the General Fund and the HRA and the likely amounts of borrowing that will be necessary to fund the capital programme over the next three years.

The value of actual capital receipts received in the quarter in respect of the General Fund and the HRA are:

| | General Fund £ | HRA £ |
|---------------------------------|-------------------|-----------|
| Balance as at 30 September 2017 | 277,530 | 1,338,007 |
| New Receipts | 401,075 | 983,345 |
| Less HRA Pooling | | (106,676) |
| Balance as at 31 December 2017 | 678,605 | 2,214,676 |

8.4 EXPENDITURE VARIANCES

The main variances and issues concerning expenditure in 2017/18 are:

| Scheme | Estimated Overspend / (Underspend) £ | Reason |
|--------------------------------------|---|---|
| Condition Surveys – Priority 2 | (45,500) | Wider schemes for the replacement of kitchens and air conditioning within the Civic Centre have been identified within the 2018/19 capital programme. |
| Kitchen Replacement Programme | (42,500) | A saving is reported in respect of both kitchen and bathroom replacements in void |
| Bathroom Replacement Programme | (71,500) | properties. Lower than anticipated numbers of void dwellings have required replacements prior to re-letting in the first 9 months. |

| Electrical Re- wiring - Domestic | (136,000) | A saving is forecast in respect of electrical works to dwellings, as lower than anticipated level of electrical re-wires required following electrical inspection. |
|-------------------------------------|-----------|--|
| Central Heating Programme | (80,000) | This budget provides for ad hoc central heating installations to dwellings where tenants have previously refused. The opportunity to install is taken upon the property becoming void, however numbers have been lower than anticipated in the first 9 months. |

8.5 SCHEMES TO BE DEFERRED TO 2018/19 AND BEYOND

Schemes which have been identified as being wholly or partly deferred to 2018/19 and beyond are:

| St Loyes Extra Care Scheme | 151,720 | 116,719 | Officers are currently preparing to go back out to tender in respect of this scheme and are planning to present a detailed report to committee later this year with the outcomes of the tender process. In the meantime minor expenditure will be incurred in respect of consultancy fees, with the remaining budget carried forward and amalgamated with future year's budget provisions. |
| Estate Regeneration | 1 1 295 000 Tacross a | | In March 2017 the Council received £1.295m Estate Regeneration funding. The grant is to be used across four HRA sites and providing the project deliverables set out in the grant bid are met, the grant funding can be applied fluidly across the sites. The overall forecast costs remain at £1.295m, but spend of the grant has now been profiled in accordance with the project timetables, which run into 2018/19. |

8.6 ACHIEVEMENTS

The following scheme has been completed during the third quarter of 2017/18:

Alphington Village Hall (Repairs & Extension)

The result of the grant expenditure is effectively a new hall, with all facilities on one level, and modern kitchen and toilet facilities. The building is already proving more popular for community events and private hire to support its running costs. External improvements have improved access to the neighbouring doctors' surgery.

9. How does the decision contribute to the Council's Corporate Plan?

The Capital Programme contributes to all of the key purposes, as set out in the Corporate Plan.

10. What risks are there and how can they be reduced?

Areas of budgetary risk are highlighted to committee as part of the quarterly budget monitoring updates.

11. What is the impact of the decision on equality and diversity; health and wellbeing; safeguarding children, young people and vulnerable adults, community safety and the environment?

No impact

12. Are there any other options?

Council

1. What is the report about?

This report advises Members of any material differences to the revised budget in respect of Corporate Committee.

2. Recommendations:

That Members of Scrutiny Committee – Corporate note the content of this report in order to be satisfied that prudent steps are being taken to address the key areas of budgetary pressure highlighted in this report.

3. Reasons for the recommendation:

This report raises no issues for the Monitoring Officer.

8. Report Details:

Corporate Budget Monitoring – Quarter 3

8.1 **Key Variations from Budget**

The current forecast suggests that net expenditure for this committee will decrease from the revised budget by a total of £294,280 after transfers from reserves and revenue contributions to capital, as detailed in Appendix 1. This represents a variation of 3.73% from the revised budget. This includes supplementary budgets of £573,430 already agreed previously.

8.2 The significant variations (by management unit) are as follows:

| MU Code | Management Unit | Over / (Underspend) | Detail |
|------------|--|------------------------|---|
| 83C5 | Corporate Property - Assets | (156,090) | An underspend is anticipated on Property Maintenance Fund Budgets. |
| 86A3 | Corporate | 48,000 | Additional expenditure of £31,000 is predicted to be incurred on Treasury Management fees this is offset by additional interest earned which is reported to this committee elsewhere on this agenda; Expenditure relating to legal fees and corporate subscriptions has been incurred which exceeds the budget, totalling some £17,000. |
| 86A6 | Grants/Central Support/Consultation | (85,000) | This underspend is mainly a result of the consolidation of Comms & Marketing budgets during 2017/18. A temporary structure exists to support the new processes, and a full restructure reflective of corporate priority will be going to Executive in March. A request to carry forward the underspend will be made (through the appropriate process), as a one-off supplement to support the permanent structure and new aligned priorities. |
| 86A7 | Unapportionable Overheads | (90,000) | This potential underspend relates to Superannuation and is based upon known departures as at this date. |
| 86B3 | Human Resources | (48,440) | An underspend is anticipated on pay due to a vacant post and a reduction of hours. A request to carry forward the underspend will be made as a one off supplemental to support an interim structure whilst a review of the HR service is undertaken. |
| 86B4 | Legal Services | 30,240 | The income from external legal fees in expected to be less than the annual budget. |
| 86B7 | Strategic Management | (72,000) | An underspend is anticipated on the cost of employee budgets mainly due to: vacancies; a reduction of hours, and recharges to the Housing Revenue Account. |

9. How does the decision contribute to the Council's Corporate Plan? Corporate budgets contribute to 3 key purposes, as set out in the Corporate Plan; maintain the assets of our city, well run Council and customer access to help me with my housing and financial problem.

10. What risks are there and how can they be reduced?

An action plan addressing the key areas of budgetary risks within Corporate will be included if and when they arise.

11. What is the impact of the decision on equality and diversity; health and wellbeing; safeguarding children, young people and vulnerable adults, community safety and the environment?

No impact

12. Are there any other options?

No
