REPORT TO LICENSING COMMITTEE

Date of Meeting: 06 February 2018

Report of: Environmental Health and Licensing Manager

Title: Licensing Fees and Charges

Is this a Key Decision?

No

* One that affects finances over £1m or significantly affects two or more wards. If this is a key decision then the item must be on the appropriate forward plan of key decisions.

Is this an Executive or Council Function?

Licensing is a Council function delegated to the Licensing Committee

1. What is the report about?

1.1 The purpose of this report is to establish the licensing fees and charges that should apply for 2018/19 for those activities where the Council has discretion.

2. Recommendations:

2.1 For the period from 1 April 2018 to 31 March 2019 it is recommended that the Licensing Committee set the fees as contained in Appendix B.

3. Reasons for the recommendation:

3.1 The statutory principle in relation to the setting of fees is that they should be reasonable and should relate to the costs of performing the function, including staffing, administration, testing, inspections, hearings, regulation and appeals.

4. What are the resource implications including non financial resources.

4.1 If there is no increase in fees there is a risk that the Council will not recover all of the costs for services or activities for which it is permitted to charge and increase the burden on the Council's general fund.

4.2 There will be a cost in adoption of fees, as some will require public notice to be given. However this cost will be met from the existing budgetary provision.

5. Section 151 Officer comments:

The proposed fees have been built into the Council's provisional 2018-19 budget that will be considered at Council in February 2019.

6. What are the legal aspects?

6.1 The Licensing Committee's responsibilities are set out in the Council's Constitution and include annual setting and reviewing of licensing fees other than those set centrally by statute. The statutory powers to set fees locally for individual licensing schemes are listed in Appendix A.

6.2 The European Services Directive (2006/123/EC) came into force in December 2009 through the Provision of Services Regulations 2009. Charges incurred by applicants under an authorisation scheme "must be reasonable and proportionate to the cost of the procedures and formalities under the scheme and must not exceed the cost of those procedures and formalities" (effectively the costs to run the licensing scheme). The Directive does not apply to Hackney Carriage and Private Hire Vehicle licensing. In cases where the Provision of Services Regulations 2009 apply a distinction must be made between application/renewal fees and monitoring/enforcement fees on the grant of a licence.

7. Monitoring Officer's comments:

Each licensing regime has its own fee structure which is laid down by statute. All fee structures apart from those for Hackney Carriages and Private Hire Vehicles additionally are subject to the provisions of the European Services Directive 2006 as incorporated into domestic law through the Provision of Services Regulations 2009. Accordingly these provisions need to be reflected in the fee structure in order to comply with the Regulations.

8. Report details:

8.1 Exeter City Council has statutory responsibility for the administration and enforcement of a wide range of licences, registrations and permits. Many of these schemes allow the Council to charge a fee, payable by an applicant for a licence, in order to cover the costs (or a proportion thereof) of the administration of those licence types. In some cases, costs are also permitted to cover other aspects of providing the regulatory scheme.

8.2 The basis in setting such fees is generally to ensure full cost recovery, or as close to it as possible. Licensing fees may not be used to generate a profit for councils, and fees must be reviewed and set annually to ensure that neither a significant surplus nor deficit is created. Surpluses must be carried forward and deficits may be carried forward to future years within each ring-fenced licensing budget). The Council is required to estimate the cost of running the particular licensing regime for the forthcoming year and then it must reduce that figure to take account of any surplus generated in the previous year and may add in a figure to recover any deficit generated in the previous year. The total is then divided by the number of licences within that particular licensing scheme to arrive at the fee for each licence.

8.3 The European Services Directive, as incorporated by the Provision of Services Regulations 2009 provides that fees and charges must "*be reasonable and proportionate to the cost of the procedures and formalities under the scheme and must not exceed the cost of those procedures and formalities*". This principle was affirmed by the courts in *R (on the application of Hemming (t/a Simply Pleasure Ltd)) v Westminster City Council* which also decided that only administration fees can be charged on application for grant

or renewal and that monitoring/enforcement costs only become payable on grant of the licence Fees must reflect administrative, policy and compliance costs, and can include the costs of enforcement action against unlicensed operators.

8.4 Appendix A summarises the Council's powers to set its fees in respect of licensing applications, and any limitations on those powers.

8.5 A notice of any variation to vehicles and operator's licence fees will be advertised in a local paper and will be deposited at the council offices for a period of 28 days. Any objections received within 28 days of publication of the notice and not withdrawn will be considered at a meeting of the Licensing Committee in March 2018. If there are no objections to the variation in fees they will come into effect on 1 April 2018.

9. How does the decision contribute to the Council's Corporate Plan?

9.1 The appropriate setting of Licensing Fees will contribute to a healthy and safe city, and lend support to a robust, business friendly economy.

10. What risks are there and how can they be reduced?

10.1 The proposed fees have been calculated on a cost recovery basis, and projections show that if the revised fees are adopted the costs of administering licensing schemes should be recovered.

11. What is the impact of the decision on equality and diversity; health and wellbeing; safeguarding children, young people and vulnerable adults, community safety and the environment?

11.1 Formulating a licensing fee structure that supports a strong licensing regime and recognises the key aims of the council will lead to a positive impact in creating a vibrant city to live, work and visit.

11.2 There are no identified equality concerns arising from this report.

12. Are there any other options?

12.1 The Licensing Committee could decided to maintain fees and charges at the 2016/17 levels, however the service would not be recovering the full cost incurred to the authority for delivering the individual licence areas.
