MOT Test Certificate

MOT Test Number 515073196153	Vehicle Registration Mark CA06XJE	Vehicle Identification Number VF7EBRHKH13307856
Make CITROEN	Model C8	Colour Red
Issuer's Name M. TAYLOR	Test Class 4	Country of Registration Great Britain
Expiry Date 1 December 2016 (SIXTEEN)	Issued 10 Nov 2015	Test Station 81422

Odometer Reading and History

10 11 2015: 182891 mi
24 11 2014: 174968 mi
29 11 2013: 158673 mi
13 11 2012: 121905 mi

Inspection Authority

COUNTY TYRE SERVICE LTD ALPHINGTON STREET EXETER EX2 8LR	01392279292
---	-------------

Additional Information

To preserve the anniversary of the expiry date, the earliest you can present your vehicle for test is 2 November 2016.

Signature of Issuer

Advisory Information

About this document

- 1 This document is a receipt style certificate telling you that an MOT Test pass result has been recorded in the Driver & Vehicle Standards Agency's (DVSA's) database of MOT Test results; this can be verified at www.gov.uk/check-mot-status.
 - 2 A test certificate relates only to the condition of the components examined at the time of test. It does not confirm the vehicle will remain roadworthy throughout the validity period of the certificate.
 - 3 Check carefully that the details are correct.
 - 4 Whilst advisory items listed above do not constitute MOT failure items, they are drawn to your attention for advice.
 - 5 For further information about this document, please visit www.gov.uk/getting-an-mot or contact DVSA on 0300 123 9000*.
- *Your call may be monitored or recorded for lawful purposes.

VEHICLE EXAMINATION REPORT

YOUR ATTENTION IS DRAWN TO THE TERMS AND CONDITIONS BELOW

The examination of the vehicle described in this report was of a purely external, visual nature and excludes any dismantling. No responsibility can be accepted for defects not visibly present at the time, or those not detected which fall outside the scope of the examination and (where possible) its limited road test. Road tests, when possible, are conducted for a limited duration and exclude high speed testing.

The accuracy of the instrumentation within the vehicle (speedometer, odometer, fuel and temperature gauges etc.), cannot be verified, neither can the future life expectancy of the clutch and brake linings, or the failure of mechanical components in the future. Statements on fuel and oil consumption levels will also be excluded.

It must be noted that, in the absence of a hoist or pit being available, the examination of the vehicle's underside would be unavoidably restricted.

VEHICLE DETAILS

Make & Model	Citroen C8	Registration No.	CA06 XJE
Colour	Red Metallic/Pearlecent	Engine CC	1997 (approx)
Vehicle Identity Number. (VIN No.)	WF7EBRHKH13307856		Confirmed YES
Engine No.:	Not Identified	NOTE: Engine Capacity cannot be confirmed	
V5 Registration doc checked	NO	MOT Certificate Expires	01/12/2015
Odometer Reading	175661 Miles	Service Records Seen	YES

ENGINEER'S SUMMARY

PLEASE READ ALL THE PAGES OF THE REPORT

SOME AREAS OUTLINED IN THIS REPORT AND HIGHLIGHTED FROM PAGE 5, REQUIRE FURTHER INVESTIGATION AND POSSIBLE RECTIFICATION. IT IS STRONGLY ADVISED THAT YOU DISCUSS THE FINDINGS OF THIS REPORT WITH THE VENDOR OR A REPAIRER PRIOR TO MAKING YOUR FINAL DECISION TO PURCHASE THE VEHICLE OR HAVE REMEDIAL REPAIRS CARRIED OUT. SOME DEFECTS MAY BE EXPENSIVE TO RECTIFY AND THIS MUST BE CONSIDERED PRIOR TO PURCHASE OR AUTHORIZING REPAIRS.

When considering this vehicle, its age and higher than average recorded mileage must be taken into account. Due to the recorded mileage, the future life expectancy of components cannot be anticipated. Generally the vehicle was in a good and presentable condition, although there were some areas which require further investigation and rectification as necessary.

CLUTCH / TRANSMISSION		Manual Gearbox			
107. Fluid/Oil leaks	No	111. Casings/Axles/Differentials	S	115. Backlash	S
108. Cables/adjustments	S	112. Mountings	S	116. Gaiters	S
109. Hydraulic system	S	113. Drive shaft assembly	S	117. Propeller shaft(s)	N/A

Essential & Desirable Repairs & Additional Comments

It is strongly advised that the essential defects are investigated immediately or rectified prior to purchase of the vehicle and desirable repairs are carried out in the near future. Some defects may prove costly to rectify and this must be considered prior to purchase or authorising any remedial work.

Attention

Some vehicles are provided with a master key, which can be extremely costly to replace (sometimes in excess of £1000) or, in some cases, if the master key is missing the Engine Control Unit (ECU) may have to be replaced should you encounter problems. As well as this, some radios have codes to allow them to operate. Please satisfy yourself that you have all relevant keys and codes. You should also ensure you are given all relevant instruction manuals for the vehicle, radio, alarm and immobilisers as necessary.

Item	Defect/Item requiring further investigation /rectification	D/X
43	One element of the high level brake light did not operate.	D
57	The rear screen washer did not seem to operate	D
168	During the road test the "fault" warning light was on continuously.	X
