Hello there

I'm just writing to offer my support to everyone involved at Camper coffee with regard to their license application.

They have a fantastic vision for themselves and the arcade as a whole.

I've been lucky enough to be served coffee and drinks by their staff whilst they worked at other establishments. I cannot fault them as their skill, knowledge and overall customer relationship is fantastic.

As a business owner operating in the McCoys Arcade myself I've seen the amount of work and dedication they've put into their flagship premises. I really believe that their success will be the to the benefit and success of everyone involved with McCoys Arcade.

Thanks for your time

Dan Whiteland
