To whom it may concern

Dear Sir/Madam,

I am writing to support the application for an alcohol license by Camper Coffee in McCoys Arcade, Fore Street.

McCoys Arcade is a real footfall driver for the whole of Fore Street. When I had my business in the Arcade, we found that having a cafe in the middle of the arcade really supported our business, and that evening and daytime events were a positive asset to the Arcade as a whole. We support Camper Coffee running evening opening times, and trust their ability to manage the responsible sale of alcohol and measures to deal with any anti-social behaviour that may arise.

Bringing an evening element to the McCoy's Arcade offering will be positive for the businesses in the Arcade, as well as for the whole of Fore Street. Bringing footfall to our area, day and night, is essential to the running of all of our businesses, and this matches with the City Council's stated aim of promoting the evening economy for all parts of the city.

In my role as BID director for the area, I believe that bringing diverse business ideas and timings to this part of the city is nothing but positive, along with promoting Exeter as a wonderful place to spend your day and evening in.

Yours faithfully,

Mattie Richardson
Bunyip Beads & Buttons and BID Director for Fore Street
