Dear licensing team,

My name is Hayley Maker and I run a business on Fore Street with my partner Nathan Maker, we are very excited about the arrival of Camper Coffee on Fore Street as we also reside in the area.

I believe that Camper Coffee will be a magnificent addition to Fore Street especially if they are granted a late night license, I see this venue as somewhere that will be a wonderful alternative to the other 'venues' on the street, in the same vein as The Bike Shed Theatre and The Picture House which add a cultural feel in the evening to add to our diverse neighbourhood and community as a whole. Boosting Exeter's night time economy in a very positive way.

The late night license will bring music and culture to a historical part of the city, a part of Exeter that feels like it is up and coming, endorsing this will open a new chapter and with all the other improvements being made by

The type of customer that it will attract will boost the impression of Exeter's nightlife in a very positive way and feels progressive for the area and for Exeter city. This is the type of venue that we should be supporting.

I for one am an avid supporter and I really hope that you will see it fit to grant them a license for the evenings. I live in a property that backs onto the arcade and I really don't think that it will be an issue for anybody in the surrounding area due to the type of people it will attract.

Kind regards,

Hayley Maker
