Advisory Information

test is 2 June 2017.

To preserve the anniversary of the expiry date, the earliest you can present your vehicle for

001 Tyre worn close to the legal limit nearside front [4.1.E.1] 002 Tyre worn close to the legal limit nearside rear [4.1.E.1] 003 Tyre worn close to the legal limit offside front [4.1.E.1] 004 Brake pipe slightly corroded rear (all) [3.6.B.2c] 005 Steering system has slight free play detected at steering wheel offside [2.2.A.1b]
003 Tyre worn close to the legal limit offside front [4.1.E.1] 004 Brake pipe slightly corroded rear (all) [3.6.B.2c] 005 Steering system has slight free play detected at steering wheel offside [2.2.A.1b]
004 Brake pipe slightly corroded rear (all) [3.6.B.2c] 005 Steering system has slight free play detected at steering wheel offside [2.2.A.1b]
004 Brake pipe slightly corroded rear (all) [3.6.B.2c] 005 Steering system has slight free play detected at steering wheel offside [2.2.A.1b]
005 Steering system has slight free play detected at steering wheel offside [2.2.A.1b]
006 Front suspension has slight play in a upper suspension ball joint offside [2.5.B.la]
007 nearside front (tyre slightly mishapen)

About this document

- 1 This document is a receipt style certificate telling you that an MOT Test pass result has been recorded in the Driver & Vehicle Standards Agency's (DVSA's) database of MOT Test results; this can be verified at www.gov.uk/check-mot-status.
- 2 A test certificate relates only to the condition of the components examined at the time of test. It does not confirm the vehicle will remain roadworthy throughout the validity period of the certificate.
- 3 Check carefully that the details are correct.
- 4 Whilst advisory items listed above do not constitute MOT failure items, they are drawn to your attention for advice.
- 5 For further information about this document, please visit www.gov.uk/getting-an-mot or contact DVSA on 0300 123 9000*.

*Your call may be monitored or recorded for lawful purposes.

VEHICLE EXAMINATION REPORT

YOUR ATTENTION IS DRAWN TO THE TERMS AND CONDITIONS BELOW

The examination of the vehicle described in this report was of a purely external, visual nature and excludes any dismantling. No responsibility can be accepted for defects not visibly present at the time, or those not detected which fall outside the scope of the examination and (where possible) its limited road test. Road tests, when possible, are conducted for a limited duration and exclude high speed testing.

The accuracy of the instrumentation within the vehicle (speedometer, odometer, fuel and temperature gauges etc.), cannot be verified, neither can the future life expectancy of the clutch and brake linings, or the failure of mechanical components in the future. Statements on fuel and oil consumption levels will also be excluded.

EXTERIOR PANELS

KEY:

- A acceptable
- G good
- R repaired
- = scratch
- X dent
- C corrosion
- O chip / rust
- D decals
- P poor condition
- -- not checked

Taxi Colour: Black SELECT

Minor blemishes, which are acceptable for the vehicle's age and type, are not recorded and you should satisfy yourself in this regard.

EVIDENCE OF BODYWORK REPAIRS

NO No Major Repairs seen

Comments

The rear passenger side door has two small marks on where it appears someone has opened a car door against the vehicle.

Some stone chips on the front of the vehicle which I would expect from a car, which has cover, this much millage.

Nearside doors have a scratch

KEY FOR POINTS ON FOLLOWING PAGES

- S Satisfactory for age and recorded mileage
- -- Could not be checked
- x Needs immediate attention
- A Advisable repair
- N/A Not applicable
 - Y Yes
- N No
- C See Engineer's comments

170. Oil leaks	NO	171. Coolant leaks	NO	172.	

Please read all pages of this report

Essential & Desirable Repairs

It is strongly advised that the essential defects are investigated immediately or rectified prior to purchase of the vehicle and desirable repairs are carried out in the near future. Some defects may prove costly to rectify and this must be considered prior to purchase or authorising any remedial work.

Attention

Some vehicles are provided with a master key, which can be extremely costly to replace (sometimes in excess of £1000) as, in some cases, if the master key is missing the Engine Control Unit (ECU) may have to be replaced should you encounter problems. As well as this, some radios have codes to allow them to operate. Please satisfy yourself that you have all relevant keys and codes. You should also ensure you are given all relevant instruction manuals for the vehicle, radio, alarm and immobilisers as necessary
