

MOT Test Number

262083478293

Vehicle Registration Mark

SB06NUU

Vehicle Identification Number

VF3BARHWP86267569

Make

PEUGEOT

Model

EXPERT

Colour

Blue

Issuer's Name

J. MACKEN

Test Class

4

Country of Registration

Great Britain

Expiry Date

14 June 2018 (EIGHTEEN)

Issued

31 May 2017

Test Station

79573

Odometer Reading and History

31 5 2017: 182205 mi
13 6 2016: 170776 mi
15 6 2015: 153916 mi
9 5 2014: 141643 mi

Inspection Authority

REDLANDS SERVICE STATION
EXMOUTH ROAD
CLYST ST MARY
EXETER
EX5 1AR 01392873040

Additional Information

To preserve the anniversary of the expiry date,
the earliest you can present your vehicle for
test is 15 May 2018.

Signature of Issuer

Advisory Information

Large empty box for advisory information.

About this document

- 1 This document is a receipt style certificate telling you that an MOT Test pass result has been recorded in the Driver & Vehicle Standards Agency's (DVSA's) database of MOT Test results; this can be verified at www.gov.uk/check-mot-status.
 - 2 A test certificate relates only to the condition of the components examined at the time of test. It does not confirm the vehicle will remain roadworthy throughout the validity period of the certificate.
 - 3 Check carefully that the details are correct.
 - 4 Whilst advisory items listed above do not constitute MOT failure items, they are drawn to your attention for advice.
 - 5 For further information about this document, please visit www.gov.uk/getting-an-mot or contact DVSA on 0300 123 9000*.
- *Your call may be monitored or recorded for lawful purposes.

VEHICLE EXAMINATION REPORT

YOUR ATTENTION IS DRAWN TO THE TERMS AND CONDITIONS BELOW

The examination of the vehicle described in this report was of a purely external, visual nature and excludes any dismantling. No responsibility can be accepted for defects not visibly present at the time, or those not detected which fall outside the scope of the examination and (where possible) its limited road test. Road tests, when possible, are conducted for a limited duration and exclude high speed testing. The accuracy of the instrumentation within the vehicle (speedometer, odometer, fuel and temperature gauges etc.), cannot be verified, neither can the future life expectancy of the clutch and brake linings, or the failure of mechanical components in the future. Statements on fuel and oil consumption levels will also be excluded.

Essential & Desirable Repairs

It is strongly advised that the essential defects are investigated immediately or rectified prior to purchase of the vehicle and desirable repairs are carried out in the near future. Some defects may prove costly to rectify and this must be considered prior to purchase or authorising any remedial work.

Attention

Some vehicles are provided with a master key, which can be extremely costly to replace (sometimes in excess of £1000) as, in some cases, if the master key is missing the Engine Control Unit (ECU) may have to be replaced should you encounter problems. As well as this, some radios have codes to allow them to operate. Please satisfy yourself that you have all relevant keys and codes. You should also ensure you are given all relevant instruction manuals for the vehicle, radio, alarm and immobilisers as necessary
