PART A

SECTION 1:

The Role and Purpose

- 1.1. The Procurement and Contract Procedures (“the Procedures”) form part of the Council’s Financial Regulations (see part 4(c) of the Constitution) and apply to all Officers employed by Exeter City Council (“the Council”) and should be complied with in all cases when the Council expects to spend money with external third party suppliers in order to provide other value for Supplies, Works or Services.
- 1.2. The purpose of the Procedures is to:
 - i. Ensure the Council complies with all relevant legal requirements, including but not limited to domestic legislation, UK Public Contracts Regulations 2015 (“the Regulations”), the European Union Procurement Directives, and Treaty of the Functioning of the European Union Treaty (also referred as the Treaty of Rome).
 - ii. Provide appropriate safeguards and due diligence to support the Council in how it undertakes procurement and commercial activities.
 - iii. Provide accountability, probity and transparency in the Council’s dealings within such activities.
 - iv. Provide clear direction in how procurement and commercial dealings with third party suppliers are to be made.
 - v. Support the policy framework and budget procedures of the Council.
 - vi. Support compliance with the Council’s Constitution, the Employee and Members Codes of Conduct.
 - vii. Promote value for money in both how tendering is undertaken and resulting contracts are managed.
- 1.3. In addition to the Procedures there are supporting Procedural Notes which shall also be adhered to in relation to third party spend.

SECTION 2:

When do the Procedures apply?

Inclusions

- 2.1 The Procedures shall apply to both capital and revenue expenditure and cover contracts for Supplies, Works or Services.
- 2.2 Spending includes expenditure incurred by the Council where it is in receipt of and acting as lead organisation funded by external Grants (this includes funding requests or applications) and where expenditure is expected to be made to a third party. In the case of external Grants the Council shall ensure that it complies with any specific Grant funding conditions as outlined by the funding partner, and / or State Aid / General Block Exemption Regulations.

Exclusions

- 2.3 The Procedures apply in respect of commercial dealings of the Council with third party organisations. However, there are certain situations where it would not be necessary to apply the requirements of the Procedures. For example, exclusions apply in the following situations:
- i. Appointments outside of the control of the Council, e.g. appointment of external auditors;
 - ii. Subscriptions to national organisations;
 - iii. Specific licensing requirements (e.g. TV / Public Entertainment);
 - iv. Planning and Highway Agreements (such as S.106, 278 and 38);
 - v. Grant payments from the Council to third parties;
 - vi. Loan payments or loans from the Council to third parties provided on market terms (otherwise State Aid considerations may apply);
 - vii. Disposal of surplus Goods / Supplies;
 - viii. Financial dealings by the Section 151 Officer;
 - ix. Employment contracts;
 - x. Acquisition, purchase, leases (and / or disposal) in relation to land matters, existing buildings or immovable property, provided on market terms.
- 2.4 In cases where these Procedures do not apply, other rules and legislation are likely to apply. The Responsible Officer shall ensure that they adhere to any relevant rules and legislation, and if in doubt seek advice on those other relevant rules and legislative regulations.

Exemptions

- 2.5 Wherever practically possible the Procedures should be followed and consistently applied. However, it is noted that there may be situations where it is necessary to seek Exemptions to the Procedures. In cases where Exemptions are sought then the Procedural Note: Exemptions to the Procedures shall apply, considering the following:
- i. Arrangements above £10k shall require formal authorisation.

- ii. Exemptions shall be completed in advance of committing spend. If this is not undertaken, then a justification shall be made as to why this was not the case.
- iii. The Procurement Team shall be engaged prior to the decision to apply any Exemption to ensure that there is consideration given to the appropriateness of an Exemption and / or alternative courses of actions.
- iv. A formal Exemption does not forgo the other formal requirements or due diligence, for example, to ensure a formal contract is put in place / contract variation, proportionate contract management is undertaken or the obtaining of any formal decision to award the contract.
- v. Any Exemption granted over the Official Journal of the European Union (OJEU) Threshold approves only the anticipated non-compliance with the Council's Procedures and does not mitigate the risks associated with non-compliance with the Regulations or the European Union (EU) Procurement Directive as applicable.
- vi. Exemptions shall be in line with the supporting Procedural Note: Exemptions to the Procedures and Delegation to Officers and Deputies as detailed in the Councils Constitution.

Breaches and non-compliance

- 2.6 The Procedures are an essential part of the overall Constitution of the Council. Those with responsibility for fulfilling their duties in line with these Procedures are required to maintain ongoing knowledge and awareness to ensure compliance with the Procedures.
- 2.7 In addition, it will be the responsibility of Responsible Officers (including those with line management responsibilities) to address non-compliance swiftly and in the most appropriate way according to the circumstances. Any potential misuse or non-compliance of the Procedures will be reported to the Corporate Manager – Commercial and Procurement.
- 2.8 Non-compliance with the Procedures may result in the Council's Disciplinary and Capability Procedure being invoked. In respect of willful, negligent, repeated or other serious breaches this could result in significant sanctions and even dismissal.
- 2.9 Means of reporting concerns can also be raised anonymously in line with the Council's Whistleblowing Policy – see http://committees.exeter.gov.uk/documents/s62807/ECC%20Whistle_blowing%20Policy%20Feb%202016v4.pdf
- 2.10 The Procedures do not negate the requirement to follow the Council's formal decision making process, "Delegation to Officers and Deputies" as set out in the Constitution and specific processes enforced by an individual Department or Service.

SECTION 3:

- 3.1 This section sets out guiding principles on what is expected in incurring expenditure on behalf of the Council with third party suppliers is made, and should be applied wherever possible:

PART B

SECTION 5:

Sourcing strategy

General

5.1 The following sourcing strategy is based on the assumption that there is a proven need and requirement for the Supplier, Works or Services. The sourcing strategy shall be applied when considering how to fulfil a proven need and requirement, and done in the following order of priority:

Step 1: Consideration for the Council to self-deliver the requirements direct by the Council or Teckal Company;

Step 2: Purchasing via established compliant value for money Council contract, Council framework or alternative Council compliant arrangement (e.g. Dynamic Purchasing arrangement);

Step 3: Undertaking new procurement process – including Procurement via established alternative Public Sector compliant value for money contract, framework or alternative compliant arrangement (e.g. Dynamic Purchasing arrangement);

5.2 In considering the sourcing strategy and route to market, benefits of collaboration opportunities should be considered, along with overall value for money.

5.3 Formal option appraisal to be used on arrangements above £25k

Step 1: Self-delivery or Purchase

5.4 Where no current arrangements exist for the provision of the Supplies, Works or Services, a decision shall be taken as to whether the Council should look to self-deliver the requirements, ahead of looking to formally make any arrangements to purchase via a third party supplier(s).

5.5 To aid decision making as to whether a procurement process and ultimately a contract with a third party supplier is required, consideration shall in the first instance be given as to whether the Council has the skills, capacity, competency and experience to deliver the Supplies, Works or Services themselves and if so, whether this can be done in a cost effective manner which ensures Value for Money.

5.6 The decision around self-delivery, for example delivery direct by the Council or Council's Teckal company or purchasing via a third-party supplier relationship, shall be taken prior to undertaking a formal procurement process.

5.7 The decision around self-delivery or not to shall be proportional to the nature of the anticipated spend and supported by consideration of Value for Money. Typical examples where consideration of direct award may be applied where:

- i. The Council has established a Teckal Company delivering in that similar space.
- ii. In consideration is taken to establish a new service provision.
- iii. Provision of Services and Works, less likely the provision of Supplies.

5.8 Where a decision is taken to self-deliver the Supplier, Works or Services, through one of the Council's Companies (either established or new) then this should be supported by an appropriate and proportionate Service Level Agreement to ensure value for money is delivered in any arrangement. The reasons around any decisions should be captured for audit and accountability reasons.

Step 2: Purchasing via Council contract, framework or alternative compliant arrangement (e.g. Dynamic Purchasing arrangement)

5.9 In the event where a decision is to purchase or call off from existing compliant Council arrangements, then due regard shall be taken to ensure the purchase / call off conditions under that arrangement are duly applied.

5.10 Authorisation levels for the spend are to be in line with the Assurance and Authorisation process as outlined in Procedural Note: Commercial Assurance and Authorisation.

5.11 Where it is known, or likely to be known, that the total level of spend is of a certain value, then the approvals should be for the upper estimate for the purchases. It will not be deemed appropriate to place smaller values of spend to circumvent the Authorisation Process, which would likely adversely impact value to be obtained from Category Management approach and also be in breach of the wider procurement directives.

5.12 In consideration of use of existing Council contracts or framework agreement it will be important to understand the implications any additional requirements may have on the contract such as exclusivity clauses, locked in volume discounts, guaranteed minimum values or block payments, and to consider the materiality of any additional spend placed through that contract.

Step 3: Undertaking new procurement process

5.13 Commencing a new formal procurement process shall be undertaken where the Council is not deemed to be able to deliver the requirement themselves by making the Supplies, Works or Services, and that the Council does not have any existing commercial arrangements which would otherwise fulfill the requirements.

5.14 Undertaking a new procurement will include either be the case of the Council conducting and running a new procurement process themselves (e.g. advertising the requirements, supplier engagement, evaluations, award, and contract), or procurement via established alternative Public Sector contract, Framework Agreement or alternative compliant arrangement (e.g. Dynamic Purchasing arrangement).

Other considerations.

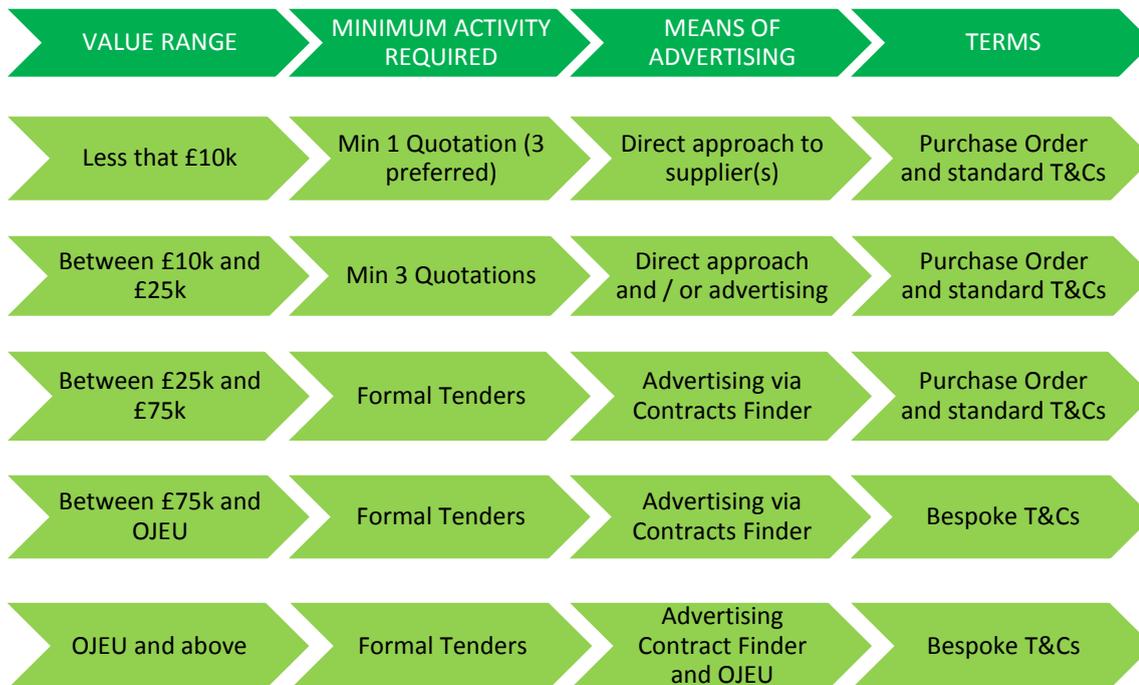

5.15 Where there is external funding (e.g. external Grant funding) care should be taken to ensure that funding conditions in how spend is made are followed to avoid risks around reclaiming of Grant monies from the funder.

SECTION 6:

Financial levels / thresholds

- 6.1 When estimating the total contract value the estimate shall be:
- i. For the whole life term of any anticipated contract, for example, if the value is £50,000 per annum for two years, then the total value of the contract is estimated at £100,000. If the length of a contract is uncertain and the value cannot be reasonably estimated, its total value will be its total value over 4 years;
 - ii. Net of Value Added Tax (VAT);
 - iii. The value of any non-monetary consideration or benefit the Council is giving;
 - iv. The value of anything the Council is getting for free as part of the contract;
 - v. Any amount that could be paid by extending the contract (if it is possible to extend it);
 - vi. In the event of Works procurement, it shall be for the total estimated value of the Works themselves.
- 6.2 A single contract must not be undervalued or split into smaller contracts to circumvent these Authorisation levels as set out in the Procedures, undermine category spend considerations or the Regulations.
- 6.3 Where the proposed procurement for Supplies, Works or Services may result in the requirement being split into lots, the value shall be based upon the value of all lots.
- 6.4 Where the initial estimate of the contract value is within 10% of the relevant OJEU Threshold, consideration should then be taken as to apply formal OJEU considerations as defined by the Regulations. Furthermore detailed calculation shall be conducted in accordance with Regulation 6 of the Regulations.

FIGURE 1 Value Thresholds for New Procurement Arrangements

NOTE: 1. Latest OJEU Thresholds for Supplies, Services and Works can be accessed via the following link to the Official EU site – see: <https://www.ojeu.eu/thresholds.aspx> 2. For the purposes of Quotation is deemed an estimate as opposed to tender when it is deemed as a formal offer requiring acceptance.

- 6.5 In the event where the Council's preferred route to market is via an established public sector contract, Framework Agreement or alternative compliant arrangement (e.g. Dynamic Purchasing arrangement) there would not be the requirement to advertise the requirements. Any call offs and contracting via such routes to market shall be in accordance with the public sector contract or Framework Agreement's terms and conditions.
- 6.6 Where permissible, this will include considerations of direct awards and further competition under the contract or Framework Agreement.

- 7.4 Care must be taken not to jeopardise any formal procurement that may follow. Where any preliminary market engagement / consultation has taken place details of this should be captured and findings made available as part of any formal procurement that may follow.
- 7.5 The principles of the Regulations shall apply, in particular see:
<http://www.legislation.gov.uk/uksi/2015/102/regulation/18/made> (and acting in line with the principles of public sector procurement)

(Reference should also be made in relation to the Procedural Note: Assurance and Authorisation, plus Commercial Assurance Summary).

Advertising

- 7.7 The advertising stage is the formal notification of commencement of the procurement, to make potential suppliers and third parties aware of the procurement opportunity. In the event where the route to market is via a formal quotation / procurement then primary means of advertising shall be via:
- i. Contracts Finder (above £25k) – More information can be accessed at <http://www.legislation.gov.uk/ukxi/2015/102/regulation/106/made> which details the requirement to publish at a National level and the information to be provided.

Any response to clarification questions raised by Tenderers during the procurement process shall be shared with all Tenderers for the purposes of openness and transparency.
- 7.12 In the event where the clarification and / or the response is commercially confidential to the organisation raising the clarification then the clarification / response should not be shared. In such cases care shall be taken not to adversely advantage or disadvantage any parties.
- 7.13 It should be noted that discussions with tenderers after submission of a Tender and before the award of a contract with a view to obtaining adjustments in price, delivery or content (i.e. post-tender negotiations) shall not be undertaken. - 7.22 Evaluations and any resulting award decisions shall be made against the award criteria published at the time of advertisement. In exceptional circumstances award criteria and sub-criteria may need to be varied during the procurement process and where this occurs all potential bidders will be notified of the variations prior to the deadline for the submission of Quotations / Tenders.
