1 Introduction

1.1 Purpose

- 1.1.1 This policy is required under Article 4 of the Regulatory Reform (Housing Assistance) (England and Wales) Order 2002. The Order provides councils with the discretion to develop schemes to provide financial assistance to deal with a range of housing issues.
- 1.1.2 This policy sets out the areas on which Devon will focus any available resources in order to improve housing conditions across the district. With limited resources available it is essential that funding is targeted to those areas that contribute to the delivery of the Better Care Fund and Health and Wellbeing Board (HWB) priorities and local district council priorities.
- 1.1.3 The policy covers a three-financial year period: 23/24 24/25 25/26, unless reviewed within that timeframe.
- 1.1.4 This policy provides the Devon Councils with the flexibility and discretion to provide appropriate assistance to meet the aims and priorities set out in section 3 below.
- 1.1.5 While each Devon district will adopt a similar policy, based on core principles, it is recognised that there will be differences between districts, reflecting local priorities.
- 1.1.6 This policy is owned by the following Councils:
- Devon County Council
 - East Devon District Council
 - Exeter City Council
 - Mid Devon District Council
 - North Devon District Council
 - South Hams District Council
 - Teignbridge District Council
 - Torridge District Council
 - West Devon District Council

1.2 Review

- 1.2.1 Since the first version of this Devon Wide policy it has been reviewed twice the latest being in 2019. Having worked with the policy for the last four years a more detailed review has been undertaken in consultation with stakeholders to

identify any gaps or enhancements required to the policy. This policy incorporates the agreed changes suggested by stakeholders and will be reviewed on a regular basis to ensure it continues to meet local needs.

1.3 Funding

- 1.3.1 The assistance contained within this policy is only available subject to the availability of funding. Where funding is limited, priority for spend will be given to the Mandatory Disabled Facilities Grant across the County (see section 4).

2 Context

2.1 Housing and Health

- 2.1.1 Housing is a key determinant of health, and by promoting good quality housing this policy can contribute to reducing health inequalities for the residents of Devon.
- 2.1.2 In 2008, flexibilities were introduced enabling councils to use government grant that has been allocated for disabled facilities grants to be used more intelligently to deliver adaptations for disabled people outside of the mandatory grant regime.
- 2.1.3 Research has shown that there is a direct impact on the health and well-being of residents resulting from the homes in which they live; therefore, poor housing can contribute to poor health.
- 2.1.4 Each year hazards in the home result in unnecessary injuries, episodes of ill-health, and harm to mental health and in many cases the occupiers do not link the poor condition of their homes with a potential negative impact on their health. The poorest housing stock can be found in the private sector, and in some cases residents who own their own home are not able to maintain them and as a result hazards can develop.
- 2.1.5 This policy aims to address the link between housing conditions and health through the provision of adaptations that allow disabled people to remain safely and independently in their home; along with reducing serious hazards in the home that have the potential to cause accidents and ill health.

2.2 Armed Forces Covenant

- 2.2.1 Armed Forces personnel and their families have been considered when developing the discretionary grants available under this policy, increasing access to adaptations without the need for a means test and providing other relevant help.

2.3 Better Care Fund

- 2.3.1 In 2015 the government introduced the Better Care Fund in an attempt to bring health and social care together in an integrated way. The fund is a combination of government funding from the Department of Health and the Department for Levelling Up, Housing and Communities and includes the grant allocation for disabled facilities grants (DFG).
- 2.3.2 Each year, in June, the government publishes the Better Care Fund Policy Framework, This document lists the conditions that the better care fund must be used to address and have remained largely unchanged.
- The conditions are:
- 2.3.3 **Condition 1:** *a jointly agreed plan between local health and social care commissioners, signed off by the HWB* – The local authority and CCGs must agree a plan for their local authority area that includes agreement on use of mandatory BCF funding streams. The plan must be signed off by the HWB.
- 2.3.4 BCF plans should set out a joined-up approach to integrated, person-centred services across local health, care, housing and wider public services. They should include arrangements for joint commissioning, and an agreed approach for embedding the current discharge policy in relation to how BCF funding will support this.
- 2.3.5 **Condition 2:** *NHS contribution to adult social care to be maintained in line with the uplift to CCG minimum contribution* - The funding must be used to contribute to the maintenance of adult social care services in each local authority.
- 2.3.6 The minimum expectation of spending for each HWB area is derived by applying the percentage increase in the CCG contribution to the BCF for the area to the 2020 to 2021 minimum social care maintenance figure for the HWB.
- 2.3.7 **Condition 3:** *invest in NHS commissioned out of hospital services* - BCF narrative plans should set out the approach to delivering this aim locally, and how health and local authority partners will work together to deliver it.
- 2.3.8 **Condition 4:** *a plan for improving outcomes for people being discharged from hospital* - This national condition requires areas to agree a joint plan to deliver health and social care services that support improvement in outcomes for people being discharged from hospital, including the implementation of the hospital discharge policy.

2.4 BCF Metrics

- 2.4.1 Having regard to the national conditions, areas have flexibility in how the fund is spent over health, care and housing schemes or services. Ambitions need to be agreed on how this spending will improve performance against the BCF metrics detailed below.
- 2.4.2 These metrics are:
- [Discharge Indicator Set](#) - reducing length of stay in hospital, measured through the percentage of hospital inpatients who have been in hospital for longer than

14 and 21 days; and improving the proportion of people discharged home using data on discharge to their usual place of residence

- Avoidable admissions to hospital
- Admissions to residential and care homes
- Effectiveness of re-ablement

2.4.3 Plans under national condition 4 (discharge) should describe how HWB partners will work with providers to improve outcomes for a range of discharge measures, covering both reductions in the time someone remains in hospital, and effective decision making and integrated community services to maximise a person's independence once they leave hospital.

2.4.4 This policy forms part of the suite of options to achieve these conditions. Devon county Council and the District Councils have identified an opportunity to provide additional grant and loan products to meet these conditions and deliver against the Health and Wellbeing Board priorities.

3 Priorities

3.1 Devon BCF Priorities

3.1.1 In Devon, the Better Care Fund priorities aim to achieve the following outcomes:

- Reduced admissions to residential and nursing care homes

3.2.1 In addition, the 'Healthy and Happy Communities' Devon Joint Health and Wellbeing Strategy 2020–25 also contains a series of priorities that this policy can contribute to.

3.3 Local District Priorities

- 3.3.1 Each Devon District Council has its own agreed priorities detailed within its Corporate/Strategic Plans that are specific to their geographical areas. There are however some goals that are common across the county. These include:
- Providing quality housing
 - Housing that is safe and meets the communities needs
 - Promoting health and wellbeing

3.4 Objectives of this Policy

3.4.1 This policy aims to utilise the BCF funding to provide financial assistance to residents that help realise the combined priorities detailed above.

3.4.2 In order to achieve this the policy will focus on the following objectives:

- **Objective 1** - Assist disabled residents to remain in their own homes through supporting the provision of adaptations (so far as this is necessary, appropriate and reasonably practicable). To prevent admissions to care, to assist with delayed transfers where possible and to ensure a safe home that supports health and wellbeing.
- **Objective 2** – Safeguard the health and well-being of vulnerable residents by removing unnecessary hazards to health and safety in the home to reduce avoidable emergency admissions
- **Objective 3** – Provide adaptations that are suitable for the future by ensuring the scheme of works is dementia aware.
- **Objective 4** – Assist vulnerable people to afford to heat their homes through appropriate energy efficiency and heating measures.
- **Objective 5** – Assist vulnerable people impacted by hoarding and the cleanliness of their home.
- **Objective 6** – Assist people to move to more appropriate accommodation that meets their needs.

4 Mandatory Disabled Facilities Grants

4.1 Background

4.1.1 The delivery of the disabled facilities grant programme is mandatory and a statutory function of the local housing authority. The delivery of this function is governed by the Housing Grants, Construction and Regeneration Act 1996.

4.2 Eligibility

4.2.1 Any disabled resident seeking financial assistance with the cost of adaptations to their home must be assessed by an Occupational Therapist (OT) working on behalf of, in consultation with, or otherwise approved by Devon County Council.

4.2.2 All owner-occupiers, tenants, licensees or occupiers who have relevant assessed needs, as identified by a relevant Occupational Therapist are eligible to apply for a Disabled Facilities Grant, subject to relevant permissions.

4.3 Conditions

4.3.1 All grants other than those for children are subject to a test of financial resources, which is prescribed by The Housing Renewal Grants Regulations 1996.

4.3.2 At the time of writing, the grant maximum in England is £30,000. This is set by Government and is subject to occasional review. If the grant maximum is reviewed, this policy will adopt the new mandatory grant maximum for England, as stated here: <https://www.gov.uk/disabled-facilities-grants/what-youll-get>, or other official UK Government source.

4.3.3 The disabled person must intend to occupy the property as their only or main residence for a period of five years after the works are complete (or such shorter period as the person's health or other relevant circumstances permit).

4.3.4 In order to make an application the applicant must supply the following:

- A completed and signed application form
- Evidence of financial situation
- Evidence of ownership of the property or the right to reside at the property
- Permission for the works to be carried out (if applicable)
- For more complex works; a detailed schedule of works and plans that must be agreed by the council
- Any planning or building regulation approvals

- Tenders for the works unless using an agreed procurement framework.
- 4.3.5 The final approved sum will be based on competitive contracting through the council's procurement system, or other process. This applies to the approved sum only and not to the final choice of contractor by the applicant.
- 4.3.6 Only the works agreed by the council will be covered by the grant.
- 4.3.7 If the grant is approved there are 12 months to complete the works.
- 4.3.8 The works must be completed by the contractor stated on the approval document
- 4.3.9 No grant works should proceed until the grant application has been processed and all relevant planning, Building Regulation or landlord approval has been obtained.
- 4.3.10 If the applicant has a financial contribution towards the cost of adaptations they must ensure they have funds in place to cover their share of the costs before the work begins on site.
- 4.3.11 Where further grant funding is not available and subject to conditions, a loan from Lendology Community Interest Company may be available to cover an assessed financial contribution to a grant.
- 4.3.12 Unforeseen and additional costs will only be paid for where they are necessary to complete the adaptation and must be agreed by the council before they are undertaken.
- 4.3.13 Any increase in the grant may have an impact on the charge placed against the property.
- 4.3.14 Applicants who are successful in their application for assistance will be required to maintain the adaptation.
- 4.3.15 The contract for the works is the responsibility of the applicant.
- 4.3.16 In all but the most exceptional cases, the council will seek to pay any approved grant funds directly to contractors on satisfactory completion of works.
- 4.3.17 No grant will be paid until a satisfactory invoice has been received and the works have been carried out to the satisfaction of the Council.
- 4.3.18 Only works falling within the mandatory elements, as specified in Appendix A, will be covered by the grant¹.
- 4.3.19 Lifts (stair lifts, step lifts and through floor lifts) and other equipment funded through the DFG process will belong to the applicant. Servicing and upkeep is the responsibility of the applicant. The Council only usually remove lifts or other equipment if they are able to be economically refurbished and reused, or in the case of a moving grant, equipment may be removed to be re-used in the 'new' property if considered an effective use of resources.
- 4.3.20 For owner occupiers, where the grant is in excess of £5,000 a local land charge will be placed on the property for the amount over £5,000 up to a maximum of £10,000. This charge will remain on the property for a period of 10 years.

4.3.21 No more than £10,000 will be placed as a charge as a result of grant awards under the following grant types:

- Disabled Facilities Grant
- Stair lift grant
- Bathroom adaptation grant

4.3.22 Where the cost of the work exceeds the mandatory grant limit the applicant may be eligible to an Accessible Homes Grant, subject to available funds.

5.3 Conditions

5.3.1 The applicant must have permission from the owner of the property for the work to be carried out. The council will require an owner's certificate if the property is rented.

5.3.2 The applicant intends to live in the property as their only or main residence for the period of 5 years or for a shorter period as health or other relevant circumstances permit.

5.3.3 The final approved sum will be based on competitive contracting through the council's procurement system, or other process. This applies to the approved sum only and not to the final choice of contractor by the applicant.

5.3.4 Only the works agreed by the council will be covered by the grant.

5.3.5 The works must be completed by the contractor stated on the approval document, unless otherwise agreed with the council.

- 5.3.6 No grant works should proceed until the grant application has been processed and all relevant planning, Building Regulation or landlord approval has been obtained.

- 5.3.13 For owner occupiers, where the grant is in excess of £5,000 a local land charge will be placed on the property for the amount over £5,000 up to a maximum of £10,000. This charge will remain on the property for a period of 10 years.

 - Where additional works are required to provide accessible washing/hygiene facilities these will be covered as part of this grant.
 - Where an applicant requires multiple adaptations, subject to available funding, the bathroom adaptations will be provided through this grant and other adaptations will be provided through the DFG or accessible homes grant where the applicant is eligible.
- 6.2.2 This grant is not available to fund the building of an extension, or other major building alteration to house a bathroom. In such cases, this grant can be used to fit out the bathroom. Substantive building would be funded by DFG, or other means, depending on eligibility.

- 6.3.7 Unforeseen and additional costs will only be paid for where they are necessary to complete the adaptation and must be agreed by the council before they are undertaken.
- 6.3.8 Applicants who are successful in their application for assistance will be required to maintain the equipment and any associated works and have it regularly serviced at their cost.
- 6.3.9 The contract for the works is the responsibility of the applicant.
- 6.3.10 In all but the most exceptional cases, the council will seek to pay any approved grant funds directly to contractors on satisfactory completion of works.
- 6.3.11 No grant will be paid until a satisfactory invoice has been received and the works have been carried out to the satisfaction of the applicant and Council.
- 6.3.12 Lifts (stair lifts, step lifts and through floor lifts) and other equipment funded through the grant process will be the responsibility of the applicant. Servicing and upkeep is the responsibility of the applicant. The Council reserves the right to re-claim equipment if it is no longer required within the grant condition period. The Council will only usually remove lifts or other equipment if they are able to be economically refurbished and reused, or in the case of a moving grant, equipment may be removed to be re-used in the 'new' property if considered an effective use of resources.
- 6.3.13 For owner occupiers, where the grant is in excess of £5,000 a local land charge will be placed on the property for the amount over £5,000 up to a maximum of £10,000. This charge will remain on the property for a period of 10 years.

7 Accessible Homes Grant

7.1 Background

7.1.1 The Accessible Homes Grant is subject to available funding.

7.1.2 Grant funding is available in the following circumstances:

- Where a mandatory grant has been approved but the cost of the work exceeds the mandatory grant maximum.
- Where there are works that may not be covered by the Disabled Facility Grant in relation to adapting the home and making it safe.

7.1.3 In addition, a grant of up to £2,000 is available in the following circumstances:

- To pay fees associated with feasibility works to determine if an eligible adaptation can proceed, including any reasonable adjustments in the collation and submission of a valid application.
- Installation of technology enabled care to aid hospital discharge, or to prevent hospital admission.

7.2 Eligibility

7.2.1 To be eligible for this grant the applicant must either:

- be eligible to apply for a mandatory Disabled Facilities Grant, or
- require other works or equipment deemed as reasonable and practicable by the council to adapt the home or make it safe for the disabled occupant, or their carer(s).

7.2.2 All applicants are subject to the DFG means test, except the parents and/or guardians of a disabled child, where a means test is not required for the mandatory DFG. Adult applicants will have been means tested as part of the formal Disabled Facility Grant application.

7.3 Conditions

7.3.1 The grant maximum for combined Accessible Homes Grants (this grant and "Accessible Homes Grant: Contribution") is £40,000. Anything over £40,000 will not attract any further Accessible Homes Grant funding.

7.3.2 Evidence supplied by the Disabled Facility Grant applicant will be used to support the application for the Accessible Home Grant.

7.3.3 In addition to any land charge placed on the property under other sections of this policy, a local land charge will be placed on the property for the full value of the awarded Accessible Homes Grant. The charge(s) will be repayable if the

property is sold, assigned or transferred within 10 years of the grant being completed.

- 7.3.4 Only the works agreed by the council will be covered by the grant
- 7.3.5 Eligible works must be completed within 12 months of the grant being approved.
- 7.3.6 The works must be completed by the contractor stated on the approval document, unless otherwise agreed with the council.
- 7.3.7 No grant works should proceed until the grant application has been processed and all relevant planning, Building Regulation or landlord approval has been obtained.
- 7.3.8 Unforeseen and additional costs will only be paid for where they are necessary to complete the adaptation and must be agreed by the council before they are undertaken.
- 7.3.9 Any increase in the grant may have an impact on the charge placed against the property.
- 7.3.10 Applicants who are successful in their application for assistance will be responsible for maintaining the adaptation.
- 7.3.11 The contract for the works is the responsibility of the applicant.
- 7.3.12 The council will only offer grant funding for those works that are considered appropriate, reasonable and practicable to meet the needs of the disabled person.
- 7.3.13 In all but the most exceptional cases, the council will seek to pay any approved grant funds directly to contractors on satisfactory completion of works.
- 7.3.14 No grant will be paid until a satisfactory invoice has been received and the works have been carried out to the satisfaction of the council.
- 7.3.15 The DFG means test applies to all applications for AHG. This includes DFG passporting benefits and other exclusions, such as applications for adaptations for children.

8 Accessible Homes Grant: Contribution

8.1 Background

- 8.1.1 The Accessible Homes Contribution Grant is available where the DFG means test identifies that a contribution is required. This includes cases where the means tested contribution is larger than the total cost of works (a 'nil-approval')
- 8.1.2 The Accessible Homes Contribution Grant is subject to available funding.

8.2 Eligibility

- 8.2.1 To be eligible for this grant the applicant must meet the following:
- 8.2.2 The applicant must either be:
- eligible to apply for a mandatory Disabled Facilities Grant, or
 - eligible for the 'Accessible Homes Grant – General'
- 8.2.3 An applicant will only be eligible for grant funding to cover an identified contribution where the amount of assessed contribution the applicant has to pay represents at least a third or more of the applicant's savings. For example:
- An applicant has a means tested contribution of £1500.00. If the applicant has savings of £4500 or less, they will be able to access additional grant to cover the contribution; subject to grant limits and finance availability.*
- This is a taper, so in the above example, if the applicant had £6000 in savings, they would be expected to pay £500 (they would receive a £1000 AHG grant).*

8.3 Conditions

- 8.3.1 The grant maximum for combined Accessible Homes Grants (this grant and the Accessible Homes Grant) is £40,000. Anything over £40,000 will not attract any further Accessible Homes Grant funding.
- 8.3.2 Evidence supplied by the Disabled Facility Grant applicant will be used to support the application for the Accessible Home Grant.
- 8.3.3 In addition to any land charge placed on the property under other sections of this policy, a local land charge will be placed on the property for the full value of the awarded Accessible Homes Grant. The charge(s) will be repayable if the property is sold, assigned or transferred within 10 years of the grant being completed.
- 8.3.4 In addition to the above, this grant is subject to the conditions of the primary grant to which it is contributing.

9 Accessible Home Grant: Moving Application

9.1 Background

9.1.1 This grant may be available to assist a disabled person to move to more suitable accommodation subject to available funding.

9.2 Eligibility

9.2.1 An applicant will be eligible for this grant

- Where the Occupational Therapist and/or the Council consider re-housing to be more appropriate than adapting the existing accommodation.
- Where the landlord has refused permission for any adaptation works to be carried out and therefore it is no longer feasible for the occupier to remain in the property.

- Adaptations at the 'new' property will be subject to the Statement of Needs and a new DFG application. Adaptations may exceed the mandatory DFG grant and any top-up assistance available, so this should be considered by the applicant prior to moving.
- If the property is within a neighbouring authority covered by this policy then the new authority will need to ensure the new property is suitable. This should also be agreed with the Occupational Therapist. The applicant must ensure that the relevant council's officers and Occupational Therapist have been consulted.

9.2.2 All applicants are subject to the DFG means test, except the parents and/or guardians of a disabled child, where a means test is not required for the mandatory DFG. Adult applicants will have been means tested as part of the formal Disabled Facility Grant application.

9.2.3 In determining the 'reasonable expenses' regard shall be given to the following criteria:

- The cost of the eligible works at the applicant's existing property are not deemed reasonable, or;
- The eligible works at the applicant's existing home are not technically feasible, or;

- The adaptation of the applicant's existing property does not provide a sustainable, long term solution for their housing needs, or;
