The contents of this report relate only to the matters which have come to our attention, which we believe need to be reported to you as part of our audit planning process. It is not a comprehensive record of all the relevant matters, which may be subject to change, and in particular we cannot be held responsible to you for reporting all of the risks which may affect the Authority or all weaknesses in your internal controls. This report has been prepared solely for your benefit and should not be quoted in whole or in part without our prior written consent. We do not accept any responsibility for any loss occasioned to any third party acting, or refraining from acting on the basis of the content of this report, as this report was not prepared for, nor intended for, any other purpose.

Grant Thornton UK LLP is a limited liability partnership registered in England and Wales: No.OC307742. Registered office: 30 Finsbury Square, London, EC2A IAG. A list of members is available from our registered office. Grant Thornton UK LLP is authorised and regulated by the Financial Conduct Authority. Grant Thornton UK LLP is a member firm of Grant Thornton International Ltd (GTIL). GTIL and the member firms are not a worldwide partnership. Services are delivered by the member firms. GTIL and its member firms are not agents of, and do not obligate, one another and are not liable for one another's acts or omissions.

Introduction

This paper provides the Audit & Governance Committee with a report on progress in delivering our responsibilities as your external auditors.

The paper also includes:

- a summary of emerging national issues and developments that may be relevant to you as a local authority; and
- includes a number of challenge questions in respect of these emerging issues which the Committee may wish to consider (these are a tool to use, if helpful, rather than formal questions requiring responses for audit purposes)

Members of the Audit & Governance Committee can find further useful material on our website, where we have a section dedicated to our work in the public sector. Here you can download copies of our publications https://www.grantthornton.co.uk/en/services/public-sector-services/

If you would like further information on any items in this briefing, or would like to register with Grant Thornton to receive regular email updates on issues that are of interest to you, please contact either your Engagement Lead or Engagement Manager.

Progress at July 2023

Financial Statements Audit

As previously reported, the 2021-22 Audit is still ongoing and we continue to have conversations with management about the completion of this work. We began our work on your draft financial statements in November 2022.

The significant risks we identified within our plan were as follows:

- Management override of control
- Valuation of land and buildings
- Valuation of investment properties
- Valuation of net pension fund liability

We have presented a detailed audit plan to this Committee, setting out our proposed approach to the audit of the Authority's 2021/22 financial statements and have provided updates through previous progress reports.

In our plan we noted that DLUHC set an indicative date of 30 November 2022 for audited local authority accounts. Given the system-wide pressures previously discussed, we believed this unrealistic for 2021/22 audits (but as a firm we are fully supportive of this in a 'normal' year).

The Accounts and Audit Regulations 2015 were amended by SI 2021 No. 263. The Department for Levelling Up, Housing and Communities (DLUHC) previously stated their intention to introduce secondary legislation to extend the deadline for publishing audited local authority accounts to 30 November 2022 for the 2021/22 accounts. This is enacted by The Accounts and Audit (Amendment)

The Council are facing a unique and unprecedented set of challenges linked to the cost of living and the increase in inflation and interest rates. This required the finance team to concentrate on ensuring that estimates for the 2023/24 budget were calculated on a realistic basis which meant management were not able to fully support the audit process. In agreement with management we paused the audit in January 2023 and resumed our work in February 2023. All unsigned audits for 2021-22 were paused at the 31 March 2023 to consider the impact of publication of the results of the triennial actuarial review of pensions valuations. This has resulted in changes in member numbers within pension funds and has led to a potential material adjustment in the pension liability disclosure. We have discussed this issue with the NAO and FRC to understand the impact and the disclosure requirements. This has required management to commission a new actuarial report and adjust the accounts accordingly. This will need to be reviewed as part of the audit process, which will require confirmation and assurance from the pension fund auditor, before the opinion can be signed. We currently expect this assurance to be provided in August 2023. © 2023 Grant Thornton UK LLP.

The remainder of our audit has progressed well and other than the pension issue outlined we have largely completed our detailed testing. We continue to work with the Council to finalise our work and issue our audit opinion on the 2021/22 statements which will subsequently be communicated to members.

We will look to complete the remaining elements of the audit in the coming months recognising that management have still to complete and submit the 2022/23 draft financial statements.

We initially proposed a target completion date for our audit fieldwork by January 2023, however, due to the level of work required to ensure our audit responsibilities are fully met, coupled with the additional time required by finance officers to focus on their budgetary responsibilities, and the new pension considerations, our work will continue beyond the July 2023 Audit and Governance Committee date.

Value for Money

As with the financial statements audit the Value for Money work is ongoing and we continue to discuss with management a realistic and achievable timeframe to deliver this work. Under the 2020 Code of Audit Practice, for local government bodies auditors are required to issue our Auditor's Annual Report no later than 30 September or, where this is not possible, issue an audit letter setting out the reasons for delay.

NOA have issued Auditor Guidance Note 3 (AGN 03) in relation to Auditors' Work on Value for Money (VFM) Arrangements for 22-23 audits.

The ongoing delays in local audit continue to significantly impact audited bodies and the financial reporting and auditing process, and may therefore affect the timing of when the work on VFM arrangements set out in AGN03 is performed and reported.

As a firm, we have taken a decision to prepare a combined VFM report covering both the 2021-22 and 2022-23 arrangements in order to give members the most relevant and timely reporting and ensure this reflects the most up to date arrangements at the Council.

The guidance states that the auditor should perform the procedures required as part of their work on VFM arrangements under AGN3 and issue their Auditor's Annual Report when their work is complete.

The Auditor's Annual Report should be issued no more than three months after the date of the opinion on the financial statements for all local government bodies.

Progress at July 2023 (cont.)

Other areas

Correspondence from local electors

Under the Local Audit and Accountability Act 2014, a local elector has the rights to inspect the accounts and books and records of the Council and write to the external auditors, to ask questions about the accounts. They may also object to the Council's accounts asking that the auditor issue a report in the public interest (under Section 24 and paragraph 1 of Schedule 7 of the Local Audit and Accountability Act 2014) or apply for a declaration that an item in the accounts is contrary to law.

We received two written objections during the public inspection period for the 2021-22 accounts.

Having carefully considered the grounds for both objections and further information highlighted by both correspondents, we have concluded that these are matters to be considered by the auditor, in part through our financial statements work and in part through our value for money assessment. We continue to work through the specific aspects of the matters raised and will conclude these matters once our accounts and VFM work relevant to these areas has been completed. This work is additional work required as part of our responsibilities as auditors and will be subject to a separate fee. Final fees at the conclusion of our work will be discussed and agreed with management and require final approval by PSAA.

Certification of claims and returns

We certify the Authority's annual Housing Benefit Subsidy claim in accordance with procedures agreed with the Department for Work and Pensions (DwP). The certification work for the 2021/22 claim began in June 2022. DwP extended the deadline for reporting the findings of this work to 31 January 2023. This work is mostly complete and we are currently drafting the certification report which we will share with management prior to issue. We continue to discuss the issue with management and the DwP. We will report our findings to the Audit & Governance Committee

We also certify the Authority's annual Pooling of Housing Capital Receipts return in accordance with procedures agreed with the Department for Levelling Up, Housing and Communities ("DLUHC"). The 2021/22 work has been completed and the report was submitted to the Government department on 30 June 2023.

Meetings

We meet with Finance Officers regularly as part of our liaison meetings and continue to be in discussions with finance staff regarding emerging developments and to ensure the audit process is smooth and effective.

Events

We provide a range of workshops, along with network events for members and publications to support the Authority. Your officers attended our Accounts Workshop in January and February 2023, where we highlighted financial reporting requirements for local authority accounts and gave insight into elements of the audit approach.

Further details of the publications that may be of interest to the Authority are set out in our Sector Update section of this report.

Audit Deliverables

2021/22 Deliverables	Planned Date	Status
Audit Plan	July 2022	Completed
We are required to issue a detailed audit plan to the Audit and Governance Committee setting out our proposed approach in order to give an opinion on the Authority's 2021/22 financial statements and the Auditor's Annual Report on the Authority's Value for Money arrangements.		
Interim Audit Findings	September 2022	Completed
We will report to you the findings from our interim audit and our initial value for money risk assessment within our Progress Report.		
Audit Findings Report	September 2023	Not yet due
The Audit Findings Report will be reported to the Audit and Governance Committee upon completion of our work.		
Auditors Report	September 2023	Not yet due
This includes the opinion on your financial statements.		
Auditor's Annual Report	TBC	Not yet due
This Report communicates the key issues arising from our Value for Money work.		

2021/22 Audit-related Deliverables	Planned Date	Status
Housing Benefit Subsidy – certification This is the report we submit to Department of Work and Pensions based upon the mandated agreed upon procedures we are required to perform.	September 2023	Draft report stage
Pooling of housing capital receipts - certification	June 2023	Complete
This is the report we submit to the Department for Levelling Up, Housing and Communities ("DLUHC"). based upon the mandated agreed upon procedures we are required to perform.		

Audit Deliverables

2022/23 Deliverables	Planned Date	Status
Audit Plan	September 2023	Not yet due
We are required to issue a detailed audit plan to the Audit & Governance Committee setting out our proposed approach in order to give an opinion on the Authority's 2022/23 financial statements and to issue a commentary on the Authority's value for money arrangements in the Auditor's Annual Report		
Interim Audit Findings	September 2023	Not yet due
We will report to you the findings from our interim audit within our Progress Report.		
Audit Findings Report	TBC	Not yet due
The Audit Findings Report will be reported to the Audit & Governance Committee.		
Auditors Report	TBC	Not yet due
This includes the opinion on your financial statements.		
Auditor's Annual Report	TBC	Not yet due
This report communicates the key outputs of the audit, including our commentary on the Authority's value for money arrangements.		-

Sector Update

Authorities continue to try to achieve greater efficiency in the delivery of public services, whilst facing the challenges to address rising demand, ongoing budget pressures and social inequality.

Our sector update provides you with an up to date summary of emerging national issues and developments to support you. We cover areas which may have an impact on your organisation, the wider local government sector and the public sector as a whole. Links are provided to the detailed report/briefing to allow you to delve further and find out more.

Our public sector team at Grant Thornton also undertake research on service and technical issues. We will bring you the latest research publications in this update. We also include areas of potential interest to start conversations within the organisation and with audit committee members, as well as any accounting and regulatory updates.

- Grant Thornton Publications
- Insights from local government sector specialists
- Reports of interest
- Accounting and regulatory updates

Local government

Delayed publication of audited local authority accounts

In December 2022 there were over 600 local audit opinions outstanding. This means that many stakeholders can't rely on audited accounts to inform decision making – a significant risk for governance and control.

Local authority accounts are becoming increasingly complex as accounting standards evolve and local authorities enter more and more innovative financing arrangements and income generation projects. A significant challenge in managing local audits is the differing needs of various stakeholders. The local government sector, central government and regulators need to agree on the purpose of local audit and find a consensus on improving efficiency in publishing accounts. Grant Thornton has produced a report that explore the reasons for delayed publication of audited local authority accounts.

Table 1 below illustrates the declining performance against the target date for publication of audited accounts in recent years.

Table 1 Audited accounts published by target date over the last six years

Financial year	Deadline for publication of unaudited accounts	Target date for publication of audited accounts	% audited accounts published by target date (all firms average)	% audited accounts published by target date (Grant Thornton audits)
2016/17	30 June 2017	30 September 2017	95	97
2017/18	31 May 2018	31 July 2018	87	91
2018/19	31 May 2019	31 July 2019	58	65
2019/20	1 September 2020	30 November 2020	45	54
2020/21	1 August 2021	30 September 2021	9	12
2021/22	1 August 2022	30 November 2022	12	20

About time?

Exploring the reasons for delayed publication of audited local authority accounts

March 2023

Delayed publication of audited local authority accounts

What more can be done?

All key stakeholders in the local audit system will need to continue their efforts to secure improvement and a return to high levels of compliance with timely publication of audited accounts. The report explores several of the causes of delay and steps which might be taken to reduce the incidence of delays.

These steps relate to systems leadership, holding both authorities and auditors to account for their performance, a continued focus on the quality of accounts preparation and audit, and the effective engagement between auditors and audited bodies.

The report makes 20 recommendations for improving timeliness in publishing audited accounts.

The report also sets out a checklist which management and the audit committee should consider. The report recommends DLUHC, CIPFA or the FRC set out expectations for the system as a whole.

Exploring the reasons for delayed publication of audited local authority accounts

March 2023

Local government procurement and contract management

Background

Local authorities in England spend around £82.4 billion a year on goods and services. More than a third of all UK government spending on goods and services is spent in the local government sector1. Allowing for capital spending as well, the UK public sector procures around £300 billion a year overall.

We reviewed a large number of reports, inspections and interventions issued by a number of firms, including 53 Annual Auditor Reports issued by Grant Thornton UK LLP. To help build on existing good practice, in this report we highlight some common themes for members and officers to consider:

This report considers a selection of issues we identified under each theme and makes recommendations both to local authorities and, in one case, to central government. The report presents a good practice checklist for local authority members and officers to reflect on.

The analysis sets out five key themes for ensuring good practice:

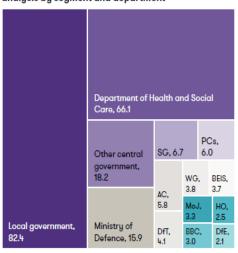

- Strategic planning
- •Internal control
- •Time, technical expertise, and people
- •Commercial awareness
- •Contract management

<u>full report here</u>

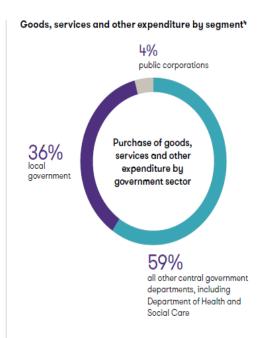

More than a third of all UK government spending on goods and services is spent by local government, so it's important councils have effective arrangements for procurement and contract management

Stonewall Gold Employer: GT's LGBTQIA+ inclusion journey

Background

15 Feb 2023, Stonewall, Europe's largest charity for Lesbian, Gay, Bi, Trans, and Queer (LGBTQIA+) rights, launched its widely anticipated Top 100 Employers List – recognising us for our work in supporting LGBTQIA+ colleagues to be the best versions of themselves at work and awarding us Gold Employer, the highest award.

We're proud to announce that we've ranked among the UK's leading employers from the public, private, and third sectors in the <u>Stonewall</u> Workplace Equality Index (WEI). We've also been recognised as a Gold Employer. Overall, we've ranked 38th in the latest WEI results, and 26th in the private sector, and 9th in the financial services sector.

Grant Thornton - Nearly 60 councils at risk of 'running out of money' next year

Grant Thornton has warned that the soaring cost of living combined with a decade of austerity could see up to a sixth of English councils fully deplete their reserves in 2023-24 without substantial spending cuts.

Research found that, as a result of higher inflation, councils are expected to have a cumulative budget deficit of £7.3bn by 2025-26 – an increase of £4.6bn since forecasts made at the beginning of this year.

Grant Thornton said that although reserves were bolstered by more than £5bn in 2020-21 due to higher government funding, these balances will "continue to unwind through the long tail of Covid-19" with close to 60 councils forecast to use all earmarked and unallocated reserves next year.

Without additional income, authorities would need to make savings of over £125 per person by 2025-26, equal to the average yearly spend on homelessness, sports and leisure, parks and open spaces, libraries and waste services.

Phillip Woolley, Head of Public Services Consulting at Grant Thornton, said: "Local government has faced unprecedented demands and pressures over the last decade and without action from both central government and councils, in the face of these inflationary pressures, the list of authorities in need of exceptional support looks set to grow quickly.

"Our research shows the additional Covid-19 funding, while critical to support immediate challenges, has not addressed underlying systemic issues or the precariousness of councils' financial sustainability in the face of economic instability.

"Local authorities are also now facing the risk of interest rate rises, increasing debt financing costs and the real risk of reduced funding from central government, in response to the current economic turmoil facing the country. Without committed intervention from all sides, there is a risk that the sector levels down instead of up."

Grant Thornton estimated unitary authorities would have the largest budget gap (£1.8bn) by 2025-26, but district councils would have the largest gap compared to net spending at 10.2%.

The firm added that austerity and changing policy demands have left councils struggling to innovate in their services and prevented investment in finance and procurement, diminishing the sector's ability to tackle medium-term challenges.

Grant Thornton said additional government funding alone will not lead to improvements, and that councils should focus on improving governance and developing financial stability plans.

Joanne Pitt, local government policy manager at CIPFA, said: "With no spending review and no fair funding review, CIPFA shares Grant Thornton's concerns about the financial sustainability of some in the sector.

"While there are actions local authorities can take to strengthen their own financial resilience, they are facing significant inflationary pressures and rising demand which makes this hugely challenging for the sector."

Audit Committees: Practical Guidance For Local Authorities And Police – CIPFA

In October CIPFA published this guide, stating "This fully revised and updated edition takes into account recent legislative changes and professional developments and supports the 2022 CIPFA Position Statement. It includes additional guidance and resources to support audit committee members, and those working with and supporting the committee's development."

CIPFA go on to state "Audit committees are a key component of governance. Their purpose is to provide an independent and high-level focus on the adequacy of governance, risk and control arrangements. They play an important role in supporting leadership teams, elected representatives, police and crime commissioners and chief constables.

This edition updates CIPFA's 2018 publication to complement the 2022 edition of the CIPFA Position Statement on audit committees.

The suite of publications has separate guidance resources for audit committee members in authorities, members of police audit committees, and a supplement for those responsible for guiding the committee.

New aspects include legislation changes in Wales and new expectations in England following the Redmond Review. All authorities and police bodies are encouraged to use the publication to review and develop their arrangements in accordance with the Position Statement.

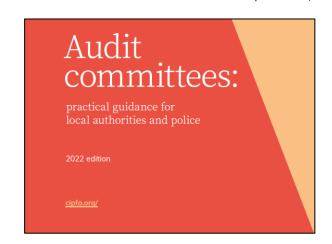

The appendices include suggested terms of reference, a knowledge and skills framework and effectiveness improvement tools."

The guide covers a number of key areas for Audit Committees, including:

- Purpose
- Core functions:
- Governance, Risk and Control
- Accountability and Public Reporting
- Assurance and Audit arrangements
- o Ensuring focus
- · Independence and accountability
- Membership and effectiveness

The guide can be purchased via the CIPFA website:
