# **APPENDIX E**

### **VEHICLE EXAMINATION REPORT**

### YOUR ATTENTION IS DRAWN TO THE TERMS AND CONDITIONS BELOW

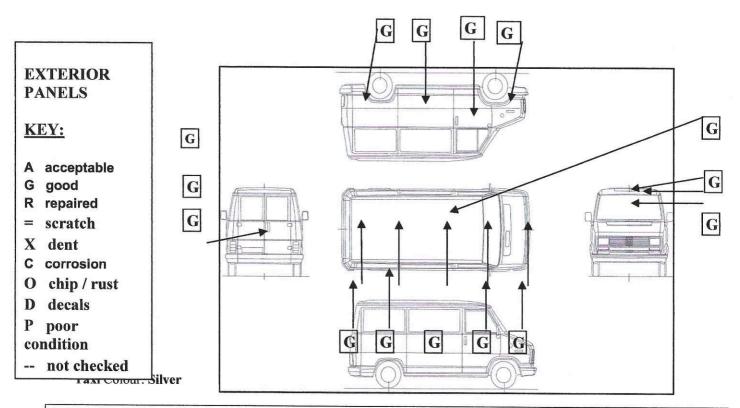

The examination of the vehicle described in this report was of a purely external, visual nature and excludes any dismantling. No responsibility can be accepted for defects not visibly present at the time, or those not detected which fall outside the scope of the examination and (where possible) its limited road tests. Road tests, when possible, are conducted for a limited duration and exclude high speed testing.

The accuracy of the instrumentation within the vehicle (speedometer, odometer, fuel and temperature gauges etc.), cannot be verified, neither can the future life expectancy of the clutch and brake linings, or the failure of mechanical components in the future. Statements on fuel and oil consumption

levels will also be excluded.

Report No: PR0077			Inspection Date: 15/05/2024				
Customer Details Telephone:		R C E D	aspection Address ath Na Ri lyst Honiton xeter evon X5 2HR relephone: 07967 410476	6

FINAL CHECK					
170. Oil leaks	NO	171. Coolant leaks	NO	172.	

Please read all pages of this report

### **Essential & Desirable Repairs**

It is strongly advised that the essential defects are investigated immediately or rectified prior to purchase of the vehicle and desirable repairs are carried out in the near future. Some defects may prove costly to rectify and this must be considered prior to purchase or authorising any remedial work.

<u>Attention</u>								
Some vehicles are provided with a master key, which can be extremely costly to replace (sometimes in excess of £1000) as, in some cases, if the master key is missing the Engine Control Unit (ECU) may have to be replaced should you encounter problems. As well as this, some radios have codes to allow them to operate. Please satisfy yourself that you have all relevant keys and codes. You should also ensure you are given all relevant instruction manuals for the vehicle, radio, alarm and immobilisers as necessary
