2 Accounting policies

Summary of significant accounting policies and key accounting estimates

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

Statement of compliance

These financial statements have been prepared in accordance with Financial Reporting Standard 102 Section 1A - 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Companies Act 2006. There are no material departures.

Basis of preparation

Going concern

The financial statements have been prepared on a going concern basis.

During the prior year ended 31 March 2024 a decision was made by the sole Shareholder (Exeter City Council), after an independent review, to wind down the company's operations significantly.

On the 26 March 2024 the Shareholder acquired all remaining work in progress of the company, settled via a reduction in the loan due to the Shareholder. A further payment was made from cash towards the Shareholder loan. The work in progress and cash transferred did not cover the total loan amount due to the Shareholder. The remaining amount due to the Shareholder was waived on 26 March 2024 by the Shareholder and treated as a capital contribution.

The company has continued in a much-reduced capacity for the purpose of managing six leasehold properties.

The Director has obtained confirmation that the Shareholder will continue to provide financial and operational support to the company for the foreseeable future, being at least 12 months from approval of these financial statements.

As such the director believes the going concern basis is appropriate.

Revenue recognition

Turnover comprises the fair value of the consideration received or receivable for the sale of goods and provision of services in the ordinary course of the company's activities. Turnover is shown net of returns, rebates and discounts.

Turnover and profit on the sale of residential property is recognised on the legal completion date. Turnover from development management services and management fees are recognised as the services are provided.

Tax

Tax is recognised in profit or loss, except that a change attributable to an item of income or expense recognised as other comprehensive income is also recognised directly in other comprehensive income.

The current corporation tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the reporting date.

Financial instruments

Classification

The company holds the following financial instruments:

- Short term trade and other debtors and creditors;
- Other loans; and
- Cash and bank balances.

All financial instruments are classified as basic.

Recognition and measurement

The company has chosen to apply the recognition and measurement principles in FRS102.

Financial instruments are recognised when the company becomes party to the contractual provisions of the instrument and derecognised when in the case of assets, the contractual rights to cash flows from the assets expire or substantially all the risks and rewards of ownership are transferred to another party, or in the case of liabilities, when the company's obligations are discharged, expire or are cancelled.

Except for other loans, such instruments are initially measured at transaction price, including transaction costs, and are subsequently carried at the undiscounted amount of the cash or other consideration expected to be paid or received, after taking account of impairment adjustments.

Other loans are initially measured at transaction price, including transaction costs, and are subsequently carried at amortised cost using the effective interest method.
