

## **REPORT TO LICENSING COMMITTEE AND COUNCIL**

Date of Meeting: 27 January 2026 and 24 February 2026

Report of: Simon Lane – Head of Service – Environment and Waste

Title: Licensing Fees and Charges for 2026/27

### **Is this a Key Decision?**

No

### **Is this an Executive or Council Function?**

Council

#### **1. What is the report about?**

- 1.1 The purpose of this report is to establish the licensing fees and charges that should apply for 2026/27 for those activities where the Council has discretion to set such fees and charges.

#### **2. Recommendations:**

- 2.1 For the period from 1 April 2026 to 31 March 2027 the fees shall be set as specified in Appendix B.

#### **3. Reasons for the recommendation:**

- 3.1 The statutory principle in relation to the setting of fees is that they should be reasonable and should relate to the costs of performing the function, including staffing, administration, testing, inspections, hearings, regulation and appeals.

#### **4. What are the resource implications including non financial resources.**

- 4.1 If there is no increase in fees there is a risk that the Council will not recover all of the costs for services or activities for which it is permitted to charge and increase the burden on the Council's general fund.
- 4.2 There will be a cost in adoption of fees, as some will require public notice to be given. However this cost will be met from the existing budgetary provision.

#### **5. Section 151 Officer comments:**

- 5.1 The fees and charges proposed in the report have been included in the Council's Fees & Charges, which will be considered at the Council meeting on 24 February. The impact of the proposals have been included in the Services budget.

## **6. What are the legal aspects?**

- 6.1 The Licensing Committee's responsibilities are set out in the Council's Constitution and include setting and reviewing licensing fees other than those set by statute.
- 6.2 A local authority can only set fees and charges where it is permitted to do so by statute. It must consider the specific statutory provisions of the licensing regime and the Provision of Services Regulations 2009 which requires the fee must be proportionate to the cost of the procedures and formalities to which it applies.
- 6.3 The relevant statutory powers authorising the Council to set fees is set out in Appendix A of this report.

## **7. Monitoring Officer's comments:**

- 7.1 The Deputy Monitoring Officer draws Members' attention to the legal aspects set out in paragraph 6 above but otherwise has nothing further to add.

## **8. Report details:**

- 8.1 Exeter City Council has statutory responsibility for the administration and enforcement of a wide range of licences, registrations and permits. Many of these schemes allow the Council to charge a fee, payable by an applicant for a licence, in order to cover the costs (or a proportion thereof) of the administration of those licence types. In some cases, costs are also permitted to cover other aspects of providing the regulatory scheme.
- 8.2 The basis in setting such fees is generally to ensure full cost recovery, or as close to it as possible. Numerous legal cases over the years have confirmed that licensing fees may not be used to generate a profit for councils, and that fees should be reviewed annually to ensure that neither a significant surplus nor deficit is created. Surpluses or deficits may be carried forward to future years to be redistributed (within the ring-fenced licensing budget), or recouped, as applicable.
- 8.3 Many licensing schemes fall within the definition of 'services', under the EU Services Directive, as incorporated by the Provision of Services Regulations 2009. For such schemes, fees and charges must "*be reasonable and proportionate to the cost of the procedures and formalities under the scheme and must not exceed the cost of those procedures and formalities*". This principle was affirmed by the courts in *R (on the application of Hemming (t/a Simply Pleasure Ltd)) v Westminster City Council*. Fees must reflect administrative, policy and compliance costs, but cannot include the costs of enforcement action against unlicensed operators.
- 8.4 As stated above Appendix A summarises the Council's powers to set its fees in respect of licensing applications and also includes any limitations on those powers.
- 8.5 A notice of any variation to vehicles and operator's licence fees will be advertised in a local paper and will be deposited at the council offices for a period of 28 days. Any objections received within 28 days of publication of the notice and not withdrawn will

be considered at a meeting of the Licensing Committee on 26 February 2026. If there are no objections to the variation in fees they will come into effect on 1 April 2026.

## **9. How does the decision contribute to the Council's Corporate Plan?**

9.1 The appropriate setting of Licensing Fees will contribute to a healthy and active city, a prosperous local economy and building great communities.

## **10. What risks are there and how can they be reduced?**

10.1 The proposed fees have been calculated on a cost recovery basis, and projections show that if the revised fees are adopted the costs of administering licensing schemes should be recovered.

## **11. Equality Act 2010 (The Act)**

11.1 Under the Act's Public Sector Equalities Duty, decision makers are required to consider the need to:

- eliminate discrimination, harassment, victimisation and any other prohibited conduct;
- advance equality by encouraging participation, removing disadvantage, taking account of disabilities and meeting people's needs; and
- foster good relations between people by tackling prejudice and promoting understanding.

11.2 In order to comply with the general duty authorities must assess the impact on equality of decisions, policies and practices. These duties do not prevent the authority from reducing services where necessary, but they offer a way of developing proposals that consider the impacts on all members of the community.

11.3 In making decisions the authority must take into account the potential impact of that decision in relation to age, disability, race/ethnicity (includes Gypsies and Travellers), sex and gender, gender identity, religion and belief, sexual orientation, pregnant women and new and breastfeeding mothers, marriage and civil partnership status in coming to a decision.

11.4 In recommending this proposal potential impact has been identified on people with protected characteristics as determined by the Act and an Equalities Impact Assessment has been included in the background papers for Member's attention.

## **12. Carbon Footprint (Environmental) Implications:**

12.1 No direct carbon/environmental impacts arising from the recommendations.

## **13. Are there any other options?**

13.1 The Licensing Committee could decide to maintain fees and charges at the 2025/26 levels, however the service would not be recovering the full cost incurred to the authority for delivering the individual licence areas.

Report of: Simon Lane – Head of Service – Environment and Waste

## **Local Government (Access to Information) Act 1972 (as amended)**

Background papers used in compiling this report:-

The Gambling Act 2005.

Guidance issued under Section 25 of the Gambling Act 2005

The Police Reform and Social Responsibility Act 2011

The Licensing Act 2003

Guidance issued under Section 182 of the Licensing Act 2003

Local Government (Miscellaneous Provisions) Act 1982

Local Government (Miscellaneous Provisions) Act 1976

Scrap Metal Dealers Act 2013

## Appendix A - Summary of powers to set application fees

Section	Area	Power arises from
	General principle	Reg 18(4), Provision of Services Regulations 2009 Any charges provided for by a competent authority which applicants may incur under an authorisation scheme must be reasonable and proportionate to the cost of the procedures and formalities under the scheme and must not exceed the cost of those procedures and formalities.
