

EXETER CITY COUNCIL

DRAFT SUPPLEMENTARY PLANNING DOCUMENT
HOUSES IN MULTIPLE OCCUPATION (INCLUDING CLASS C4 USES)

1 STATUS OF DOCUMENT

- 1.1 This draft Supplementary Planning Document was agreed by the Council's Executive on 22 March 2011 as a basis for public consultation.

2 BACKGROUND

- 2.1 The University of Exeter has grown significantly in recent years from 11,923 full time equivalent students in 2006/7 to 15,250 at 2010/11 and it expects to reach 18,700 by 2025/6. While a significant and increasing proportion of students live in purpose-built student accommodation, a large number live in shared student houses that are concentrated in certain parts of the City that are close to the University's Campuses. The number of properties in Exeter that are exempt from Council Tax due to entire occupation by full time students has increased from 1,184 in 2006 to 1,930 in May 2010.
- 2.2 Not all students who live in private houses are in properties that are registered as exempt from Council Tax. There are students who lodge or share with non-students. There are also many houses in multiple occupation that are not occupied by students and small properties of 1 or 2 bedrooms that are Council Tax exempt that are not classified as houses in multiple occupation. Therefore the figures for Council Tax exemptions do not show the whole picture so far as houses in multiple occupation (HMO's) are concerned, but they do provide a useful measure for gauging the growth and distribution of student occupation in private dwellings.

3 PURPOSE OF GUIDANCE

- 3.1 The purpose of the guidance document is to clarify the implementation of Policy H5 (b) of the Exeter Local Plan.
- 3.2 The law requires that planning decisions be in accordance with the development plan unless other material considerations indicate otherwise. The main part of the development plan relevant to student accommodation is criterion (b) of Policy H5 of the adopted Exeter Local Plan. This states:

H5: THE CONVERSION OF DWELLINGS TO FLATS, SELF-CONTAINED BEDSITTERS OR HOUSES IN MULTIPLE OCCUPATION AND THE DEVELOPMENT OF SPECIAL NEEDS OR STUDENT HOUSING WILL BE PERMITTED PROVIDED THAT:

(b) THE PROPOSAL WILL NOT CREATE AN OVER CONCENTRATION OF THE USE IN ANY ONE AREA OF THE CITY WHICH WOULD CHANGE THE CHARACTER OF THE NEIGHBOURHOOD OR CREATE AN IMBALANCE IN THE LOCAL COMMUNITY.

4 SCOPE OF GUIDANCE

- 4.1 The guidance will apply to all planning applications for change of use from homes (Class C3 of the Use Classes Order) to Class C4 (houses in multiple occupation by three to six people) and to 'sui generis' houses in multiple occupation of seven or more occupants, within the areas shown stippled on Plan 1 and potentially within the areas shown striped. In all these areas planning permission will be required for material change of use from Class C3 to Class C4 following the removal of permitted development rights through an Article 4 Direction taking effect in January 2012. The guidance will not apply to purpose-built student accommodation or to nine streets that are not subject to an Article 4 Direction. They are:

Culverland Road
Danes Road
Edgerton Park Road
Hillsborough Avenue
Mowbray Avenue
Old Park Road
Springfield Road
Victoria Street
Wrentham Estate

- 4.2 Further guidance on the need for planning permission for houses in multiple occupation is available on the Council's website at <http://www.exeter.gov.uk/index.aspx?articleid=13208&listid=9485>
- 4.3 The proposed restriction on further houses in multiple occupation will not affect properties that can prove an existing lawful use as a house in multiple occupation.

5 BASIS OF PROPOSED POLICY

- 5.1 With effect from 1 January 2012, the Council is proposing to resist any further changes of use to houses in multiple occupation within the area shown stippled on Plan 1, where the proportion of homes exempt from Council Tax already exceeds 20%. In other words the Council will regard a proportion greater than 20% as an over-concentration of HMO use for the purposes of Policy H5 (b).
- 5.2 If annual monitoring indicates that the proportion of Council Tax exemptions in the areas shown striped on the plan have increased to over 20%, then the restrictions will be applied to those areas. The proportion of existing Council Tax exemptions in these areas is shown on the plan.
- 5.3 This policy has been drafted on the basis of data at May 2010. Data will be updated to May 2011 before adoption of any policy. The proportions have been calculated on the basis of areas that respect ward boundaries.
