

EXETER CITY COUNCIL

SCRUTINY COMMITTEE - COMMUNITY 08 NOVEMBER 2011

HALF YEAR RESULTS OF PERFORMANCE MONITORING 2011/12

1. PURPOSE OF REPORT

- 1.1. To report the half year figures for those statutory and local performance indicators that relate to services provided by the Community and Environment Directorate.

2. BACKGROUND

- 2.1. Performance indicators are used to measure progress against the Council's strategic objectives. Regular monitoring ensures that the Council is on track to meet its targets. It also assures that remedial action is taken where necessary.
- 2.2. Local indicators are chosen by the Council to reflect specific priorities and to provide useful management information. National Indicators are prescribed by the Government. In October 2007, the Government published a set of 198 National Indicators which replaced all previous indicators. The majority of these apply to single tier/county councils. Currently the future of the National Indicator Set is uncertain, with many likely to be deleted.
- 2.3. Members play an important role in reviewing performance and ensuring data quality. The attached tables contain figures for those national and local indicators that relate to services supplied by the Community and Environment Directorate. Commentary is provided on the results to give context and to explain any variance from targets and any remedial action taken.

3. PERFORMANCE OVERVIEW

- 3.1 Of the 20 indicators collected by the Community and Environment Directorate, 4 are below their half year target, 4 are on target, 7 are above target and information is awaited on 5 due to staff being on leave. 6 of these indicators have performed worse in the half year 2011/12 compared with the half year 2010/11. 9 indicators have improved.

4. RECOMMENDATION

- 4.1. That Members consider the report and identify where further information is needed on any indicators.
