

EXETER CITY COUNCIL

EXETER HEALTH AND WELLBEING BOARD 24 SEPTEMBER 2013

DEVON JOINT HEALTH AND WELLBEING STRATEGY UPDATE

1. BACKGROUND

The Devon Health and Wellbeing Board has a statutory duty to produce the Devon Joint Health and Wellbeing Strategy and update it on an annual basis

2. CONTEXT

2.1 This update should be read in conjunction with the Devon Joint Health and Wellbeing Strategy 2013-16. It complements but does not replace that original strategy.

2.2 The update reinforces the continued relevance of the original priorities identified last year. Analysis of the Joint Strategic Needs Assessment shows three new areas for inclusion:

- End of life care
- Long term conditions
- Health of protected characteristic groups

2.3 Relevant outcomes from the national public health, NHS and social care frameworks have been aligned to the four themes in the strategy. Some analysis of performance is provided in the update.

2.4 Additional actions for both the existing and new priority areas are set out and details are provided as to how the Board links to other relevant bodies and partnerships that impact on health and wellbeing.

2.5 Feedback is being sought from a range of partnerships, organisations and local people. Comments can be sent to Ian Tearle at ian.tearle@devon.gov.uk

3. RECOMMENDATION

The Exeter Health and Wellbeing Board members are invited to comment on the Devon Joint Health and Wellbeing Strategy Update.
