

EXETER CITY COUNCIL
EXETER HEALTH AND WELLBEING BOARD

24 SEPTEMBER 2013

**EXETER LOCALITY PUBLIC HEALTH PLAN AND JOINT HEALTH AND
WELL BEING STRATEGY**

1. INTRODUCTION

Board members are to receive a presentation highlighting the priority health and wellbeing areas for Exeter identified from the Joint Strategic Needs Assessment.

2. CONTEXT

A key purpose for the new Board is for it to draw on the Joint Strategic Needs Assessment relating to Exeter to identify local priorities, and to develop and update an annual Exeter Health and Wellbeing Plan. This would set out evidence-based priorities and actions for progress and performance monitoring by the Board. The development of an Exeter Joint Health and Wellbeing Strategy will provide the policy framework for this.

3. RECOMMENDATION

Board members are asked to endorse production of a draft Exeter Joint Health and Wellbeing Strategy and an annual Exeter Health and Wellbeing Plan to be presented at the next meeting for subsequent approval.
