2. Recommendations:

- 2.1 That the Internal Audit Progress Report for the first quarter of the year 2019/20 be noted.

3. Reasons for the recommendation:

- 3.1 One of the roles of this committee is to review quarterly internal audit reports and the main issues arising and seek assurance from management that action has been taken, where necessary.

4. What are the equality and diversity impacts of this decision?

This report does not require an EqIA as it is for information only, therefore, the EqIA pages have been removed from this report.

5. What are the resource implications including non-financial resources:

None

6. Section 151 Officer comments:

There are no issues to draw to the attention of the Committee arising from the report. The assurance levels from completed audits should be welcomed as a positive step.

7. What are the legal aspects?

None identified

8. Monitoring Officer Comments:

It is reassuring to note that the assurance levels revealed by audits so far undertaken do not reveal any unacceptably high risk matters that need urgent attention by the Council.

9. Report details:

This Committee is responsible for the implementation and active monitoring of audit processes and actions, which includes performance against the annual audit plan,

reviewing quarterly internal audit progress reports and seeking responses and assurance from management where remedial action has not been agreed or implemented within a reasonable timescale. The 2019/20 Audit Plan was approved at this Committee on 13th March 2019.

The purpose of Internal Audit is to provide an independent and objective review of the adequacy and effectiveness of the Council's arrangements for internal control, risk management and governance. The activities we audit are given an assurance rating as follows:

Substantial Assurance	There is a sound system of internal control designed and operating in a way that gives a reasonable likelihood that the objectives will be met
Satisfactory Assurance	Whilst there is a basically sound system of internal control there are weaknesses which put some of the objectives at risk or there is evidence that the level of non-compliance with some of the controls may put some of the objectives at risk
Limited Assurance	Weaknesses in the system of internal controls are such as to put the objectives at risk or the level of non-compliance puts the objectives at risk.
No assurance	Control is generally weak leaving the system open to error or abuse or significant non-compliance with basic control processes leaves the processes/systems open to error or abuse

9.1 Work Undertaken

Internal Audit's objective is to examine the Council's financial and non-financial systems to check that there are adequate internal controls in place to prevent loss due to frauds, errors and inefficiency, and due attention is paid to corporate governance and risk management.

A summary of progress against the annual audit plan to date is shown at Appendix A, together with the current status of each area for review and the outcomes of the review, where completed.

Progress against the annual audit plan is currently on target, however, it should be noted that due to a number of workshops supporting the implementation of agile and flexible working during quarters two and three, the number of productive audit days will be reduced and could have an impact on our ability to deliver the full plan. As always this will be monitored by the Audit Managers and the plan reassessed as needed. Any significant amendments will be reported to this committee.

I am pleased to report that agreed actions from previous audit reports are being progressed satisfactorily and that there are no instances where remedial action was not agreed by management during this quarter.

9.2 Governance Issues

The Council's annual governance statement (AGS) reported that as a result of the audit work that has been undertaken throughout the year no significant issues have been identified. However, the Council continues to make enhancements and improvements to its governance arrangements and an action plan has been compiled which will be subject to regular monitoring by the Audit and Governance Committee

An action plan of the issues identified has been included in Appendix B.

10. How does the decision contribute to the Council's Corporate Plan?

10.1 Good governance contributes to the Council's purpose of a "Well Run Council".

11. What risks are there and how can they be reduced?

N/A

12. What is the impact of the decision on health and wellbeing; safeguarding children, young people and adults with care and support needs, economy, safety and the environment?

N/A

13. What other options are there, and why have they been dismissed?
