

## **Equality Impact Assessment: *Exeter City Council Annual Infrastructure Funding Statement***

The Equality Act 2010 includes a general duty which requires public authorities, in the exercise of their functions, to have due regard to the need to:

- **Eliminate discrimination**, harassment and victimisation and any other conduct that is prohibited by or under the Act.
- **Advance equality of opportunity** between people who share a relevant protected characteristic and people who do not share it.
- **Foster good relations** between people who share a relevant protected characteristic and those who do not

In order to comply with the general duty authorities must assess the impact on equality of decisions, policies and practices. These duties do not prevent the authority from reducing services where necessary, but they offer a way of developing proposals that consider the impacts on all members of the community.

Authorities which fail to carry out equality impact assessments risk making poor and unfair decisions which may discriminate against particular groups and worsen inequality.

Executive – 6 <sup>th</sup> October 2020 Council – 20 <sup>th</sup> October 2020	Exeter City Council Annual Infrastructure Funding Statement	(a) the Infrastructure List attached to this report as Appendix 1 is approved for publication along with other requisite information in the Annual Infrastructure Funding Statement; and,	Expenditure on infrastructure has the potential to impact on groups with protected characteristics as determined by the Act, in particular those experiencing disadvantage.

Committee name and date:	Report Title	Decisions being recommended:	People with protected characteristics potentially impacted by the decisions to be made:
		(b) the report on this agenda on the Review of the Scheme of Delegation is noted in respect of arrangements for the future publication of the Annual Infrastructure Funding Statement.	

**Factors to consider in the assessment:** For each of the groups below, an assessment has been made on whether the proposed decision will have a **positive, negative or neutral impact**. This is must be noted in the table below alongside brief details of why this conclusion has been reached and notes of any mitigation proposed. Where the impact is negative, a **high, medium or low assessment** is given. The assessment rates the impact of the policy based on the current situation (i.e. disregarding any actions planned to be carried out in future).

**High impact** – a significant potential impact, risk of exposure, history of complaints, no mitigating measures in place etc.

**Medium impact** – some potential impact exists, some mitigating measures are in place, poor evidence

**Low impact** – almost no relevancy to the process, e.g. an area that is very much legislation led and where the Council has very little discretion

Protected characteristic/ area of interest	Positive or Negative Impact	High, Medium or Low Impact	Reason
<b>Race and ethnicity</b> (including Gypsies and Travellers; migrant workers; asylum seekers).	<b>Neutral</b>	<b>N/A</b>	The Infrastructure List that forms part of the AIFS does not dictate how funds will be spent and therefore does not commit the Council to financial expenditure (see sections 4 and 8 of the report for further explanation) and consequently no such impacts are foreseen at this point in time. The Council's responsibilities under the Act will be revisited when such financial commitments are made.

<b>Protected characteristic/ area of interest</b>	<b>Positive or Negative Impact</b>	<b>High, Medium or Low Impact</b>	<b>Reason</b>
