

Hi Alan

Following on from our discussions re the above premises. Please see attached and the reply from The Star in solicitors, don't know if they have been in touch with you at all. They want to wait before coming back to me to see if there are representations made resulting in a hearing, which we both know there will be.

I have copied Lisa in as Simon Arliss asked me to make contact and wanted to keep Lisa in the loop re our previous discussions.

Kind regards
Karen

Dear Karen

Many thanks for your email. I am in the process of discussing with my client however, my view is that it might be better to wait and see whether other representations are made and deal with them all as one combined amendment to the application rather than holding, potentially, a number of individual representations at the same time.

The end date for consultation is next week and I have contacted the licensing authority to see if anything else has come in. Are you available toward the back end of next week to discuss?

Kind regards

Piers

Good afternoon Piers

I have made a couple of changes in (in red) respect of your proposed conditions. If you are in agreement with them or would like to discuss them further please come back to me.

Exeter City Council will most likely make representation and require that this goes back to committee via a hearing as it was the committee that issued the conditions. Alan Drake is the Licensing Officer within Exeter City Council if you require a point of contact his email address is alan.drake@exeter.gov.uk should you wish to discuss this with him.

I look forward to hearing from you.

Kind Regards

Karen
