	DATE	TIME ON	TIME OFF	RECORDING COMMENTS
1	30/07/2022	17:13:01	17:17:26	<p>Loud rumbling bass present at start of recording. Complainant enters to the room and starts recording. Children shouting heard around 17:13:50. Doors in house are open, I can hear some lyrics now but bass is distinctive and loud.</p> <p>This continues throughout the recording. More regular shouting at 17:16:00, played song also clearer but I do not recognise it.</p> <p><b>High Level</b></p>
2	30/07/2022	17:18:15	17:21:17	<p>This recording picks up where the previous ended. Loud bass is detectable and plenty of shouting and loud voices.</p> <p>17:19:30 – Bass Spikes needed to remove headphones for a moment.</p> <p>Complainant enters around 17:21:10 and babies cry is heard – only slightly louder than background bass.</p> <p><b>High Level</b></p>
3	31/07/2022	14:24:14	14:26:46	<p>Loudspeaker sound heard in background, similar level to complainant's dog? barking in background at 14:24:57. Low level bass for a while, then at 14:26:05 the band clearly starts up and it is very loud even with windows shut.</p> <p><b>High Level</b></p>
4		14:33:40	14:40:30	<p>Loud bass and drumming at start. Guitar then comes in. Matron active by complainant at 13:34:30, singer is now clearly audible, bass maintained at same very loud level for rest of clip. Song ends at 14:39:44. Loudspeaker/Singer</p>

				then heard, next song beings at 14:40:15, louder bass than previously.  <b>High level.</b>
5		14:49:13	14:55:30	Same level and nature as previous recordings, different song. Maintained high level throughout recording. Complainant states on diary sheets, that the rest of the family had to leave the house.  <b>High level</b>
		15:19:24	15:25:14	Same level and nature as previous recordings, different song. Song ends at 15:22:20. Next song starts at 15:22:35, Teenage Kicks is being played. Song ends at 15:24:53. Maintained high level throughout recording.  <b>High level</b>
		15:54:29	15:59:43	Cheer up sleepy jean heard at start of recordings, same loud level. Song ends at 15:56:10. Next song starts at 15:56:55, I am a believer. Same level and nature as previous recordings, different song
		16:28:30	16:34:31	Ongoing now since 14:24. Complainant takes phone call at start of clip. <b>Complainant opens window during this clip</b> (advised when we collected) the substantial jump in music is very clear. Same level and nature as previous recordings, different song.  <b>High level</b>

**Comments**

Loud music throughout all recordings. On the 31<sup>st</sup> July, this lasted for over 2 hours. The final recordings when the complainant opened windows to demonstrate the noise is particularly significant. Individual songs clearly identified.
