

Equality Impact Assessment: Exeter Homelessness & Rough Sleeping Prevention Strategy 2023-2027

The Equality Act 2010 includes a general duty which requires public authorities, in the exercise of their functions, to have due regard to the need to:

- **Eliminate discrimination**, harassment and victimisation and any other conduct that is prohibited by or under the Act.
- **Advance equality of opportunity** between people who share a relevant protected characteristic and people who do not share it.
- **Foster good relations** between people who share a relevant protected characteristic and those who do not

In order to comply with the general duty authorities must assess the impact on equality of decisions, policies and practices. These duties do not prevent the authority from reducing services where necessary, but they offer a way of developing proposals that consider the impacts on all members of the community.

Authorities which fail to carry out equality impact assessments risk making poor and unfair decisions which may discriminate against particular groups and worsen inequality.

Committee name and date:	Report Title	Decisions being recommended:	People with protected characteristics potentially impacted by the decisions to be made:
Exec 7 th February 2023 Council – 21 February 2023	Exeter Homelessness & Rough Sleeping Prevention Strategy 2023-2027	To approve the strategic priorities and governance proposals	See below

Factors to consider in the assessment: For each of the groups below, an assessment has been made on whether the proposed decision will have a **positive, negative or neutral impact**. This is must be noted in the table below alongside brief details of why this conclusion has been reached and notes of any mitigation proposed. Where the impact is negative, a **high, medium or low assessment** is given. The assessment rates the impact of the policy based on the current situation (i.e. disregarding any actions

planned to be carried out in future).

High impact – a significant potential impact, risk of exposure, history of complaints, no mitigating measures in place etc.

Medium impact – some potential impact exists, some mitigating measures are in place, poor evidence

Low impact – almost no relevancy to the process, e.g. an area that is very much legislation led and where the Council has very little discretion

Protected characteristic/ area of interest	Positive or Negative Impact	High, Medium or Low Impact	Reason
Race and ethnicity (including Gypsies and Travellers; migrant workers; asylum seekers).	Positive	medium	The strategy focuses on improving and increasing services and support to highly vulnerable sections of the local community. Its delivery plans will specifically review and set development targets for service improvements to cohorts of specific need / protected characteristics including people rough sleeping, street-attached persons, travellers, military and ex-armed forces, persons with mental or physical impairment, people with addictions, young persons including care leavers, refugees and asylum seekers, and individuals with gender-related support needs. The majority of the above need areas constitute priority need in terms of statutory homelessness duties and responsibilities including, but not limited to, emergency accommodation and social housing priority.
Disability: as defined by the Equality Act – a person has a disability if they have a physical or mental impairment that has a substantial and long-term adverse impact on their ability to carry out normal day-to-day activities.	Positive	medium	As above
Sex/Gender	Positive	medium	As above
Gender reassignment	Positive	medium	As above
Religion and belief (includes no belief, some philosophical beliefs such as Buddhism and sects within religions).	Positive	medium	As above

Protected characteristic/ area of interest	Positive or Negative Impact	High, Medium or Low Impact	Reason
