

Code of Corporate Governance

Scope of Responsibility

Exeter City Council is responsible for ensuring that its business is conducted in accordance with the law and proper standards, and that public money is safeguarded and properly accounted for, and used economically, efficiently, and effectively. The Council also has a duty under the Local Government Act 1999 to make arrangements to secure continuous improvement in the way in which its functions are exercised, having regard to a combination of economy, efficiency and effectiveness.

In discharging this overall responsibility, the Council is responsible for putting in place proper arrangements for the governance of its affairs, facilitating the effective exercise of its functions, including arrangements for the management of risk.

The Council has approved and adopted a Code of Corporate Governance, which is consistent with the principles of Delivering Good Governance in Local Government (CIPFA/Solace 2016). This statement explains how Exeter City Council has complied with the code and also meets the requirements of the Accounts and Audit (England) Regulations 2015, paragraph 4(3), which required all relevant bodies to prepare an Annual Governance Statement.

The Code of Governance sets out the seven principles of good governance and the arrangements the Council has put in place to meet each of these principles:

1. Behaving with integrity, demonstrating strong commitment to ethical values, and respecting the law.
2. Ensuring openness and comprehensive stakeholder engagement.
3. Defining outcomes in terms of sustainable economic, social and environmental benefits.
4. Determining interventions necessary to optimise the achievement of the intended outcomes.
5. Developing the Council's capacity. Including the capability of its leadership and individuals within it.
6. Managing risk and performance through robust internal control and strong public financial management.
7. Implementing good practices in transparency, reporting and audit to deliver effective accountability.

A copy of the Council's code is available on our website.

Code of Corporate Governance

The Purpose of the Governance Framework

The governance framework comprises the systems, processes, culture and values, by which the authority is directed and controlled together with activities through which it accounts to, engages with and leads the community. It enables the authority to monitor the achievement of its purposes and to consider whether those purposes have led to the delivery of appropriate, cost-effective services.

The Council's system of internal control is a significant part of that framework and is designed to manage risk to a reasonable level. It cannot eliminate all risk of failure to achieve policies, aims and objectives and can, therefore, only provide reasonable and not absolute assurance of effectiveness. There is an ongoing process designed to identify and prioritise risks to the achievement of Council policies, aims and objectives, to evaluate the likelihood and impact of those risks being realised and to manage them efficiently, effectively and economically.

The governance framework has been in place at Exeter City Council for the year ended 31 March 2024 and up to the date of the approval of the annual statement of accounts.

The Governance Framework

The Council's Governance Framework addresses the way the Council is controlled and managed, both strategically and operationally, and how it will deliver its services. The Framework recognises that the Council's business is focused upon its corporate priorities and seeks to facilitate delivery to our local communities of the goals set out in the Council's Corporate Plan 2022-26. The structures and processes, risk management and other internal control systems, such as standards of conduct, form part of this Framework, which is about managing the barriers to achieving the Council's objectives.

The local Code of Corporate Governance is reviewed annually through the Audit and Governance Committee and was last reviewed and recommended for approval by Council on 08 March 2023. Members and senior officers are responsible for putting in place proper arrangements for the governance of the Council's affairs and the stewardship of the resources at its disposal. This task is managed by the Strategic Management Board (SMB) which comprises the Chief Executive, Directors, Director Finance (Section 151), Director Corporate Services (Monitoring Officer).

The Council has designed systems and processes to regulate, monitor and control its activities in order to achieve its vision and objectives. The Code of Corporate Governance sets out the controls in full.

The key elements of the Governance Framework

Role of Governance Arrangements

The Council operates Executive governance arrangements, which consist of Executive and Scrutiny function. All Executive members have been allocated a specific portfolio and are responsible for driving forward the Council's key strategic aims.

The Council has a constitution which sets out how the Authority operates, how decisions are made and the procedures which are followed to ensure that decisions are efficient, transparent, and accountable to local people. This was approved in (insert date) and will be kept under review throughout the year.

Scrutiny Committee are sighted on the Executive's work plan and may consider as appropriate. The Executive provides strategic leadership to the authority and is held to account by the Council's Scrutiny Committees.

Internal Audit undertakes its work in accordance with the CIPFA Code of Practice for Internal Audit in the United Kingdom and the Public Sector Internal Audit Standards.

A risk model is used to formulate an annual audit work plan, progress against which is reviewed each quarter by Senior Leadership Team and the Audit & Governance Committee. The reporting process for Internal Audit requires a report of each audit to be submitted to the relevant Director and Service Lead as well as the Section 151 Officer.

The reports include an independent opinion on the adequacy of the applicable internal controls, audit findings and recommendations for improvements with an agreed timescale for implementation.

Progress against recommendations is followed up by Internal Audit and reported to Audit and Governance Committee at each meeting throughout the year.

Code of Corporate Governance

The Internal Audit Annual Report 2022/23 was considered by the Audit and Standards Committee in July 2023. Internal Audit's opinion overall, based on all Internal Audit work during the year is that Satisfactory Assurance can be given over the adequacy and effectiveness of the Council's control environment for 2022/23.

Role of External Audit

The current external auditors are Grant Thornton. External Auditors audit the financial statements and provide an audit opinion on whether the financial statements of the Council give a true and fair view of the financial position as at 31 March 2023 and of the income and expenditure for the year then ended.

External auditors also consider whether the Council has put in place proper arrangements to secure economy, efficiency, effectiveness on its use of resources.

This Annual Governance Statement for 2023/24 is the latest accountability statement for governance.

Role of Risk Management

A robust risk management framework is an integral part of operational service delivery and the decision-making process. The Council has a Performance and Risk Management Framework in place which provides visibility and assurance that there is a robust approach to managing performance and risk. An up to date and regularly reviewed Risk Management Policy and Strategy is maintained. This requires that both Directorate and Strategic Risk Registers are maintained with appropriate action plans to mitigate and manage identified risks. The strategic risk registers are reviewed and updated at the SMB Team as appropriate.

Responsibility for assessing the adequacy of the risk management process sits with the Audit and Governance Committee. Review of the risks and the implementation of mitigating controls included in the Corporate Risk Register (CRR) is undertaken by the Executive as owners of the CRR, this is done on a quarterly basis. The Council's Strategic Management Board (SMB) are responsible for constantly reviewing the risks being posed to the Council

Service Leads monitor risks at operational level and feedback any issues to their Director. Any significant risks, at operational level, that could impact the Council corporately are escalated to the CRR. The administrative support for the CRR process is provided by Lorraine Betts, the Chief Executives support Officer.

To ensure that risk is considered when decisions are made, all reports presented to Members must include a risk assessment of the actions or implications within the report. This assessment also covers legal and financial considerations. Risk assessments are also put in place as part of the Council's Project Management process.

Code of Corporate Governance

The Strategic Risk Register is reported to the Executive to ensure those agreeing and implementing policy decisions, do so in knowledge of the context of the risks being faced by the Council.

Review of effectiveness

Code of Corporate Governance

Internal Audit

The Internal Audit Service has been managed and delivered in accordance with the Public Sector Internal Audit Standards (PSIAS) which were introduced in April 2013. It is a requirement of the standards that an independent external review of Internal Audit's compliance with PSIAS is undertaken every five years. This external review was completed in January 2020 when the external assessor concluded that:

"It is our overall opinion that the Exeter City Council Internal Audit Team generally conforms to the Public Sector Internal Audit Standards, including the Definition of Internal Auditing, the Code of Ethics and the Standards." Generally Conforms is the top rating and means that the internal audit service has a charter, policies and processes that are judged to be in conformance to the Standards.

Based on the assurance work undertaken by Internal Audit, the Audit Manager has provided an opinion on the adequacy of the control environment as part of the Annual Internal Audit Report which concluded that the key systems are operating soundly and that there are no fundamental breakdowns of controls resulting in material discrepancy.

External Audit

The Council's external auditor (Grant Thornton) has not yet issued a certificate of completion in respect of 2020/21, although all necessary audit work has been completed. With regards to 2021/22, again Grant Thornton has not yet issued a certificate of completion, but all work has been completed. For 2022/23 the audit of the Council's financial statements remains ongoing but is virtually complete. Unfortunately, the audit commenced later than planned.

Corporate Complaints

During 2023-24, 23 corporate complaints were received compared to 14 in 2022-23. Of the 23 complaints received, 17 were dealt with at Stage 1, 6 were dealt with at stage 2 and there are no complaints waiting to be resolved. There were multiple complaints in the year relating to the same issues, which contributed to the increase.

Performance Management

Performance management of individual services, for example building control, planning and waste management has been developed in our Power BI dashboards. The scope of these dashboards continues to expand and the reports enable accessible, visible data and analytics to support managers in monitoring performance. A review of the priorities and objectives in the corporate plan will be undertaken shortly following the appointment of the new Chief Executive. When completed a performance framework will be introduced to enable reporting and monitoring of performance across key areas of the council.
