

Objector	Response
[REDACTED]	<p>Thanks for bringing me up to speed on the application from the Sunset Society. I'm afraid I find their letter far too slick to be reliable and, if possible, I will be attending the meeting on Oct 3rd.</p>
[REDACTED]	<p>Regarding the sunset society's response, I would like to state that I do not wish to withdraw my objection. It has come to my attention that the advertisements previously posted on social media have been removed since sunset society were made aware I knew of them, subsequently, I am now unable to have any trust. Although this shows they knew they were in the wrong i am not satisfied with the insinuation this as a more upmarket 'cheese and wine' venue when it is obvious to anyone it has been functioning as a mini nightclub. I have read on the news that this is a collaboration between the owners of pura vida coffee shop and timepiece which are in the nightclub industry! There are already many locations in which such activities take place and we do not need another especially in a residential area where there are families with small children.</p> <p>[REDACTED] i am unable to attend the hearing on the 3rd October however would like to be kept updated on the outcome.</p>
[REDACTED]	
[REDACTED]	<p>To confirm I have spoken with [REDACTED] and [REDACTED] today</p> <p>It was a really positive conversation, and I feel very satisfied that they have good processes in place in terms of managing events and attendee numbers.</p> <p>I am also highly supportive of their approach which is very much around wellbeing. They seem to have a good balance between open events and private events – those events that are aimed at students are for specific societies that have a focus on wellbeing or creativity and are not focussed on drinking.</p> <p>I have no issues at all with any potential footfall from the football – this would be same for any business; I don't particularly think that hundreds of football fans would be turning up to drink the premises and I don't believe this is a concern at all.</p> <p>I will of course speak with residents who have concerns and I am hoping that moving forward we can encourage residents to meet with Howard and Ben and maybe come along to some events and create a great community space that can be enjoyed by everyone.</p> <p>I would therefore be very happy to withdraw my objection and also ask that we acknowledge that both [REDACTED] and [REDACTED] have been very</p>

	<p>understanding and willing to discuss issues, they understand the concerns and that the article in the press could well have inflamed concerns, they have been very proactive and helpful and keen to engage.</p> <p>I am more than happy to support their application to extend their licence</p> <p>Please do let me know if you need anything further from me</p>
